San Mateo County Growers:

We are gathering information from San Mateo County's agricultural producers to prepare the 2023 Crop Report. The San Mateo County Department of Agriculture/Weights & Measures seeks your firsthand production data to create a factual representation of our local agricultural economy. The annual crop report values may be used to shape policy and assess damage for disaster designation. For the 2023 production year, we are also seeking information on any losses due to adverse climate conditions. **All information provided is confidential and by law cannot be disclosed to any other government agency or private entity.**

Please complete the following information and return by March 15, 2024, using the enclosed self-addressed, stamped envelope. If preferred, you may download and complete this form electronically at [smcgov.org/agwm/cropsurveys](http://smcgov.org/agwm/cropsurveys) and email to [smateoag@smcgov.org](mailto:smateoag@smcgov.org). Please use "Crop Report Survey" in email subject line.
