Dear Camille,

I hope you enjoyed a happy weekend.

We are anxious to turn around any last items that you have regarding the process of grading and supplemental erosion plans so that we may finally, finally pull permits.

We look forward to receiving your list as quick as humanly possible.

As always, a million thanks!

Melissa

Dear Camille,

A million thanks for you being so responsive with these issues. We, and all our consultants, are working hard to rapidly provide you all the information that you require in order for us to secure our loans and begin construction.

If you could please provide us with the new informational requirements as quickly as possible, we will get them back to you immediately. Ideally, this would be Monday morning – or Monday anytime - if that is at all convenient for you.

Sincerely yours and thanks again,

Melissa Leet

Hi Bob and Noel,

Today, I met with Steve regarding the Wet Season Exception. He has requested more details on the process of grading as well as supplemental erosion plans. I will send you the list of items early next week.

Thanks

Hi Bob,

Hard Cards were missing information on “Erosion Control Point of Contact”. This is the person we call if there are complaints related to erosion from the job sites.

Should we call you? Someone else?

Thanks!
