Dear Planning,

I would appreciate your assistance.

There were two male subjects behaving suspiciously on our property yesterday around 10:45 am yesterday.

Our security cameras were again stolen for the second time on Oct 30th.

So can you please check if these might be County employees and who these might be and what they might be doing around our property. In the past some people from the County, including Don Folsom have been indulging in illegal activities on our property.

Thanks for your assistance

With Best Regards

TJ Singh
