Midpen's Mission(s)

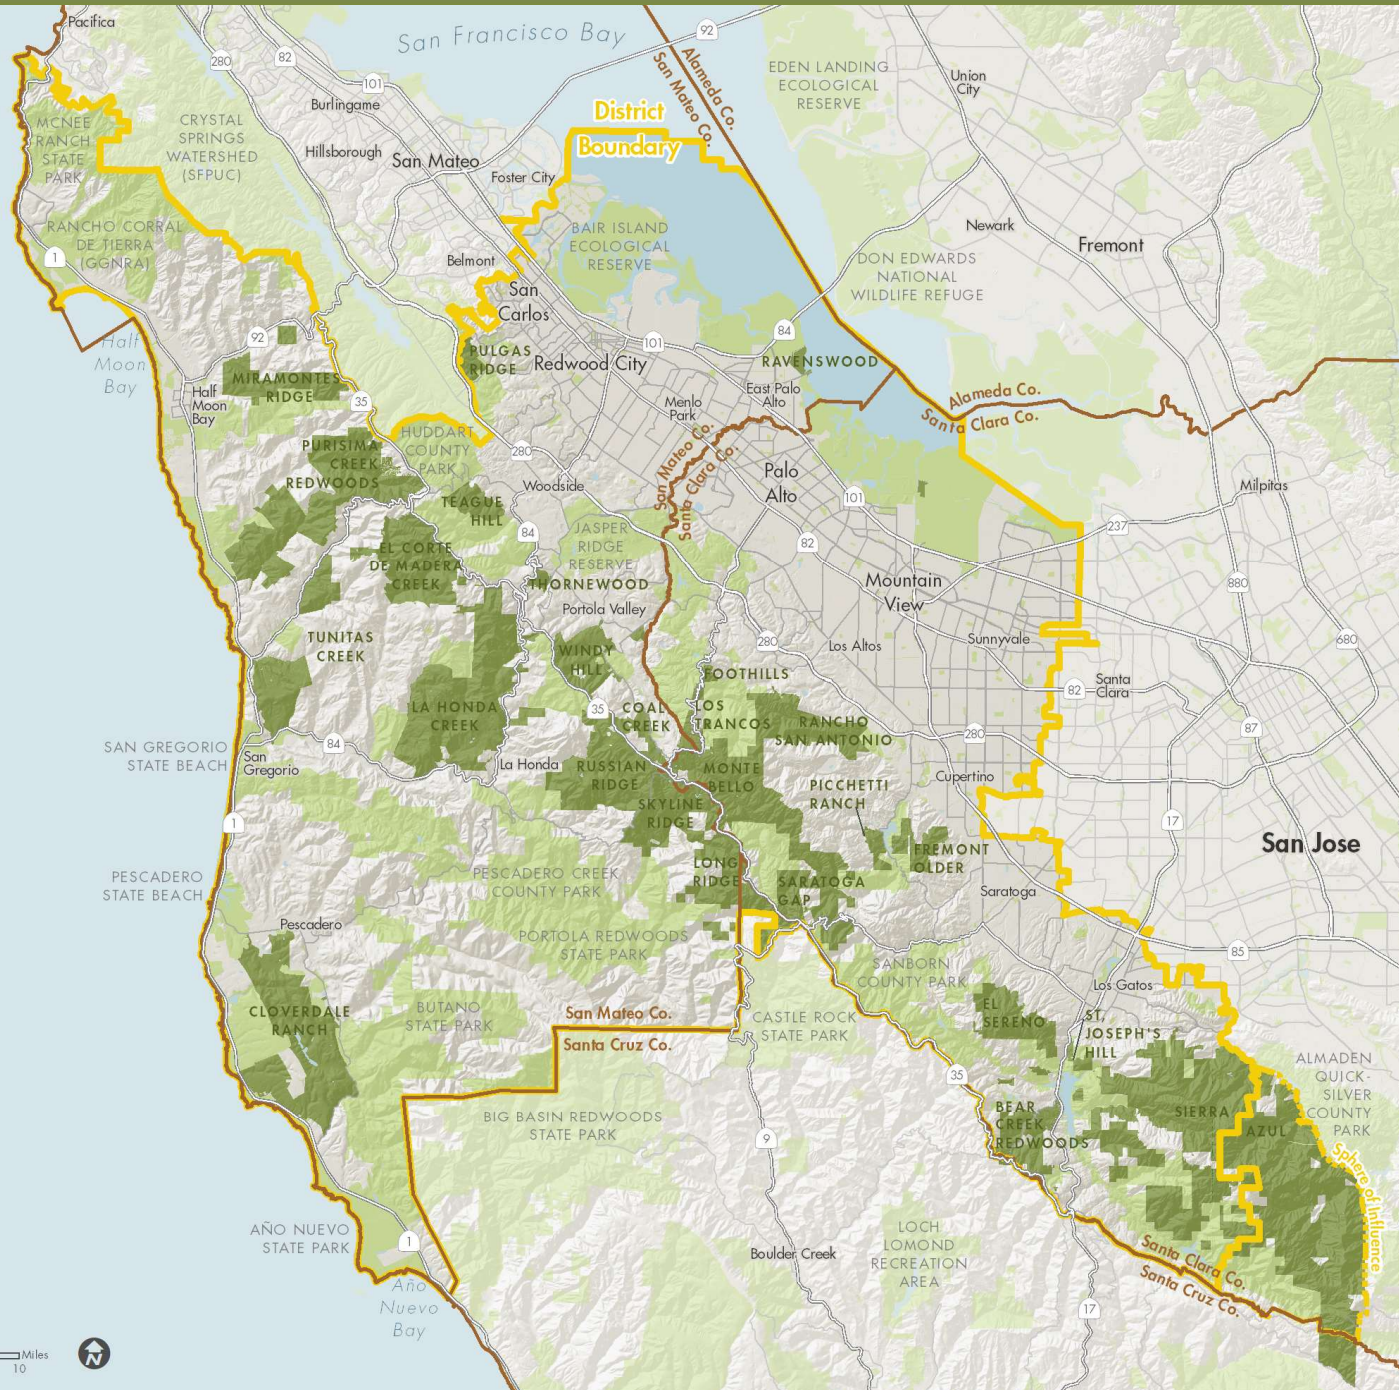

Midpen's mission: to acquire and preserve a regional greenbelt of open space land in perpetuity, protect and restore the natural environment, and provide opportunities for ecologically sensitive public enjoyment and education.

On the Coast, Midpen has an expanded mission to acquire and preserve agricultural land of regional significance, preserve rural character and encourage viable agricultural uses of land resources.

External Partner - Siena Youth Center

"Thanks to the Midpeninsula Regional Open Space District, our youth had the opportunity to be immersed in a rare environment not dominated by pollution, noise, and bustle. Not only did they exercise and enjoy clean air, but they also learned about some of the intricacies of our local environment. Jeff, Ellen, and all the volunteers emanated a palpable enthusiasm that created an inviting milieu for our youth. Midpen should be especially commended for welcoming our bilingual and monolingual Spanish speakers – everyone was encouraged to speak in the language they were most comfortable in. For these reasons we hope this summer was merely an auspicious start to a continuing partnership between the Siena Youth Center and the Midpeninsula Regional Open Space District."

- Joel Flores, Siena Youth Center Program Director

Mountain Lion – Human Interaction Study

- **Project Description**

Track mountain lion use of Santa Cruz Mountain Preserves to inform wildlife management and public use decisions that are protective of wildlife and reduce potential conflicts.

- **Status**

- Collared 25 mountain lions over the past 3 years
- The Puma Project is utilizing spatial data from the collars to analyze factors influencing human/mountain lion interactions
- Behavioral modification used techniques on 5 lions to determine if they can be encouraged to avoid high use trails when humans are present
