SECTION I: Introduction

Overview of the Housing Authority of the County of San Mateo's ongoing MTW goals and objectives

"The San Mateo County Department of Housing serves as a catalyst for increasing access to affordable rental housing, increasing the supply of workforce housing, and supporting related community development so that housing exists for people of all income levels in San Mateo County." This is the mission statement for the Agency. It provides the framework which undergirds the Housing Authority of the County of San Mateo's (HACSM) commitment to increasing the affordable housing choices for families, the continual expansion and promotion of economic self-sufficiency for program participants, and the on-going development greater administrative efficiencies throughout the agency.

Having joined the MTW program in 1999, HACSM has now completed its 24th year in the MTW program. With the lessons learned, the successes realized, and the growth and positive changes for the households we serve, the three MTW goals remain firmly embedded as essential characteristics of each strategy proposed, policy decision made, and program operationalized and implemented.

Since HACSM received HUD approval to expand MTW authority from a small carve out of targeted vouchers to its entire HCV portfolio, HACSM has reduced administrative costs, collaborated with other San Mateo County (SMC) Departments and organizations to address the goal of ending homelessness in the local community, expanded and sharpened its focus on activities that increase self-sufficiency of current participants and optimized the overall effectiveness of the agency.

Through collaboration with a broad range of community stakeholders, made possible through the flexibilities of the MTW program, HACSM has been a leader in taking bold steps in support of SMC residents through program innovation and responsiveness. In addition to the MTW program, HACSM actively participates with SMC Continuum of Care and the Center on Homelessness to support permanently disabled individuals in the community who have experienced long term, chronic homelessness. HACSM has also continued to participate with other SMC Departments that provide direct services to the community, including the SMC Health System, the Human Services Agency, the Probation Department, and others, to develop a collaborative, non-siloed, approach to the housing needs of low-income individuals who receive services in the various SMC systems.

As you will see in the updates throughout this annual report, FY2023 has continued to be a challenging year for affordable housing in San Mateo County, but we have also made great strides to combat the persistent housing challenges. In collaboration with the SMC Housing and

Community Development Division, significant gains have been realized in the development, pre-development, and construction of new affordable housing in San Mateo County. Through the use of MTW Activity 2012-26: Affordable Housing Fund, HACSM has been able to support this effort in new housing development and at the same time seen these funds leveraged with other State and local sources to further expand this effort.

While the San Francisco Bay Area is sought after in terms of financial opportunity, the on-going and persistent homelessness is a real and present challenge. In the midst of this pervasive housing challenge, the MTW program has provided HACSM with the crucial flexibility to continue its support in affordable housing development and to collaborate with community partners to end homelessness and expand housing opportunity for low-income families.

Following are examples from FY2023 that further demonstrate the HACSM continued commitments to increasing affordable housing choice, supporting self-sufficiency goals of program participants, and developing administrative efficiencies.

Increasing Affordable Housing Choices

During FY2023, the San Mateo County Board of Supervisors, the governing board for the Housing Authority, considered housing as one of, if not the biggest critical need in the County. HACSM, along with the SMC Housing & Community Development Division, were key stakeholders in developing creative solutions by making new construction of affordable housing a reality through the use of HAP reserves (MTW Activity #: 2012-16: Commitment of MTW Funds for Leveraging in the Creation of Additional Affordable Housing in San Mateo County, or Affordable Housing Funds) and the County's Measure K funds as seed money, as well as awarding Section 8 Housing Choice Vouchers for project-basing to help developers in financing their projects. Due to the extremely challenging housing market, this strategy has been essential to the increase of affordable housing in the community.

Here are two examples of new construction projects that were completed:

Firehouse Square

Firehouse Square is new mixed-use affordable housing community located in the City of Belmont. This property provides 66 rental homes consisting of studios, one-bedroom, two-bedroom, and three-bedroom units for families and individuals, including those with supportive housing needs. Thirty-three of the apartments are Section 8 Project-Based units. The project was built on a City-owned 0.52 acre land, which is within a ½ mile of the Belmont Caltrain Station. Construction was completed in the fall of 2022 and the property is now fully occupied.

The Housing Authority leveraged \$3.9 million from the Affordable Housing Fund (MTW Activity# 2012-26 to assist in the development of the property.

353 Main Street

353 Main Street Family Apartments is a new 125-unit affordable housing on a 1.83 -acre vacant site located in Redwood City. This property offers 62 Section 8 Project-Based and 19 HUD VASH units consisting of studios, one-bedroom, and two-bedroom apartments. The units serve households at extremely low-income and low income levels, which boost the city's affordable housing stock. The building features 182 parking spaces, 42 bicycle racks community room, and outdoor terraces.

The Housing Authority leveraged \$55,000 from the Affordable Housing Fund (MTW Activity# 2012-26) to assist in the development of the property.

Promoting Self-Sufficiency

In FY2023, over 90% of the non-elderly/disabled MTW households participated in the Family Self-Sufficiency (FSS) Program with an active Individual Goal Plan. The FSS families meet with HACSM Family Self-Sufficiency Coordinators at least once every four months through virtual meetings, phone calls, email check ins and more. The increased frequency of meeting with families has helped HACSM staff to directly work with families in a focused, more personal way, to stay on track with their short and long-term goals including increasing their income potential through education and employment advancement, personal growth and increased financial knowledge.

HACSM has expanded the self-sufficiency program to include a provision of monetary rewards for participants who complete educational goals as well as increase their credit scores and savings, all of which are fundamental steps for someone striving to be self-sufficient.

Developing Administrative Efficiencies

As previously reported, since 2008, HACSM has continued to refine its internal processes to further support participant families throughout their program participation, including streamlining the rent calculation process, greater use of technology and internal reorganization, to be available to respond to and address emerging issues with and for the participants.

HACSM's long-term vision for the direction and duration of its MTW program

MTW flexibility has given HACSM the ability to combine resources, through the fungibility of the MTW block grant and thus removed significant financial barriers, allowing HACSM the freedom to better address San Mateo County program priorities and the community needs. The following are focus areas that HACSM has identified and that continue to support this vision:

Serve More Families

In FY2023, HACSM continued the expansion of its five-year, MTW Self-Sufficiency program. In FY2023, all new applicants from the waiting list were offered to join the Self-Sufficiency program. These new program participants have access to greatly expanded and enriched case management services and to at least biannual connections with their Self-Sufficiency Coordinators. As discussed in detail in this report, the initiative also includes a comprehensive hardship policy for elderly and/or disabled persons as well as for self-sufficiency participants who need some additional time to achieve their goals.

Expand Affordable Housing Partnerships and Project-Based Programs

HACSM has continued to actively use its MTW flexibility to assist in the development of new or rehabilitated affordable housing by strategically project-basing HCV vouchers as a key financial component. Project-Based Vouchers' (PBV) contractual obligation for long-term unit availability is also important in our perennially tight housing market. See Activity 2011-16 to learn more about how HACSM is using the MTW program to assist and support this long-term vision.

Expand Community Partnerships and Commitments with Support Service Providers

On an ongoing basis, HACSM reviews the needs of Self-Sufficiency program participants. With the data collected from the assessment, HACSM has strategically expanded the program partnerships with a variety of educational institutions, work force development providers, and county and community health and social service providers. HACSM has an active Program Coordinating Committee that meets on a quarterly basis to further support leveraging of services on behalf of low-income families in our programs.

HACSM works with various community partners to provide wrap around services to our participants. Our community partners share invitations to their public events to us to connect our participants to, such as job fairs and other educational workshops. In addition, they also provide exclusive workshops for our participant families. In the FY 2022 – 2023 HACSM held exclusive live webinars such as the How to Handle Holiday Stress and Understanding Your Credit presented by San Mateo Credit Union, How to Access College presented by Cañada College, an Overview of WANDA – a financial education and match savings program for single mothers, and we continue to plan for future workshops for the coming year. Through our regular contact with our households, they receive information on services and gain linkages with organizations to assist with but are not limited to financial education, understanding and improving their credit, connection to savings match programs, early learning, immigration and legal services, housing, training, resume writing, interviewing skills and employment opportunities.

FY2023 marks the 6th collaboration with San Mateo Credit Union (SMCU) on the Backpack Drive. The purpose of this wonderful collaborative effort is to bring some relief and joy to the families and communities we serve. HACSM received 49 donated back packs. The back packs provided by SMCU were prefilled with all the necessities such as color pencils, pens, pencils, erasers, glue sticks, scissors, highlighters, rulers, pencil sharpeners, pencil cases, notebooks and folders. HACSM reached out to newly admitted participant families and offered the backpacks on a first come, first serve basis. Using books donated in partnership with the Library and the Book Rich Environment, HACSM also gave away books at the event to families with children in addition to the backpacks and supplies. The parents and children

expressed how very thankful they were for the help especially in these difficult times. The backpack distribution was a successful event with many eager and grateful families showing up to collect their items.

SECTION II - General Operating Information

This section provides an overview of HACSM's housing portfolio, leasing, and waiting list information.

Actual New Project Based Vouchers (PBVs)

Property Name	No. of PB Plan	Vs Actual	Status At End of Plan Year	RAD?	Description of Project
Colibri Commons (Formerly known as 965 Weeks Street)	15	15	Committed	No	965 Weeks Street is a 136-unit new construction development in E. Palo Alto, CA. HACSM has committed 15 Section 8 PBVs to the project. Construction will commence in Fall 2023.
Belmont Affordable Housing	18	18	Committed	No	Belmont Affordable Housing is a 37-unit new construction development in Belmont, CA. HACSM has committed 18 Section 8 PBVs to the project. The project is in the process of securing financing.
Grand & Linden Family Apts.	55	55	Committed	No	Grand & Linden Family Apartments is an 84-unit new construction development in So. San Francisco, CA. HACSM has committed 55 Section 8 PBVs to the project. 13 of the 55 PBV units will serve people with disabilities who require supportive services in order to maintain housing. Construction is underway and is expected to complete in August 2023

Property Name	No. of PB'	Vs Actual	Status At End of Plan Year	RAD?	Description of Project	
Kiku Crossing (formerly known as Downtown San Mateo Opportunity Sites)	80	80	Committed	No	Downtown San Mateo Opportunity Sites is a 234-unit new construction development in San Mateo, CA. HACSM has committed 80 Section 8 PBVs to the project. Construction is underway, and is expected to complete in March 2024	
Middlefield Junction	44	44	Committed	No	Middlefield Junction is a 179-unit new construction development in Redwood City, CA. HACSM has committed 44 Section 8 PBVs to the project. 20 of the 44 PBV units will serve people with disabilities who require supportive services in order to maintain housing. Construction is underway and is expected to complete in May 2026.

Discussion of any actual issues and solutions utilized in the MTW housing programs listed.

HOUSING PROGRAM	DESCRIPTION OF ACTUAL LEASING ISSUES AND SOLUTIONS
MTW Public Housing	N/A

HOUSING PROGRAM	DESCRIPTION OF ACTUAL LEASING ISSUES AND SOLUTIONS
MTW Housing Choice Voucher	All residents of San Mateo County continued to experience an extremely tight rental market and high rents. One of the persistent challenges is that voucher holders must compete with high wage technology and biotech workers within the same limited housing market. To address this situation, HACSM has increased its project-based voucher allocation to secure additional long-term affordable units, and has collaborated with affordable housing developers, and private market landlords. Through its' MTW authority, HACSM created a MTW activity, titled the Leasing Success Program, to provide financial incentives to owners of rental property who choose to participate in the program. HACSM has continued to offer the Renting Success Workshop virtually due to the COVID 19 pandemic, to all voucher holders to share new methods and approaches for a successful housing search. Additionally, HACSM renegotiated a contract with Abode Services to assist, upon referral, new applicants and relocating participants in their housing search.
Local, Non-Traditional	Providers in the Local Non-Traditional programs who do not own their own rental properties face the same issues as described above. In these instances, they have established relationships with a handful of private market landlords who are willing to work specifically with participants in their programs.

Wait List Information

Actual Waiting List Information

Snapshot information on the actual status of MTW waiting lists at the end of the Plan Year. The "Description" column should detail the structure of the waiting list and the population(s) served.

Information on Statutory Objectives and Requirements

75% of Families Assisted Are Very Low Income

HUD will verify compliance with the statutory requirement that at least 75% of the households assisted by the MTW PHA are very low income for MTW public housing units and MTW HCVs through HUD systems. The MTW PHA should provide data for the actual families housed upon admission during the PHA's Plan Year reported in the "Local, Non-Traditional: Tenant-Based"; "Local, Non-Traditional: Property-Based"; and "Local, Non-Traditional: Homeownership" categories. Do not include households reported in the "Local, Non-Traditional Services Only" category.

INCOME LEVEL	NUMBER OF LOCAL, NON-TRADITIONAL HOUSEHOLDS ADMITTED IN THE PLAN YEAR
80%-50% Area Median Income	0
49%-30% Area Median Income	3
Below 30% Area Median Income	23

Maintain Comparable Mix

HUD will verify compliance with the statutory requirement that MTW PHAs continue to serve a comparable mix of families by family size by first assessing a baseline mix of family sizes served by the MTW PHA prior to entry into the MTW demonstration (or the closest date with available data) and compare that to the current mix of family sizes served during the Plan Year.

BASELINE MIX OF FAMIL	LY SIZES SERVED (upor	n entry to MTW)		
FAMILY SIZE	OCCUPIED PUBLIC HOUSING UNITS	UTILIZED HCVs	NON-MTW ADJUSTMENTS*	BASELINE MIX NUMBER	BASELINE MIX PERCENTAGE
1 Person	N/A	1471	0	1471	38%
2 Person	N/A	1041	0	1041	27%
3 Person	N/A	570	0	570	15%
4 Person	N/A	434	0	434	11%
5 Person	N/A	201	0	201	5%
6+ Person	N/A	148	0	148	4%
TOTAL	N/A	3865	0	3865	100%

^{* &}quot;Non-MTW Adjustments" are defined as factors that are outside the control of the MTW PHA. An example of an acceptable "Non-MTW Adjustment" would include demographic changes in the community's overall population. If the MTW PHA includes "Non-MTW Adjustments," a thorough justification, including information substantiating the numbers given, should be included below.

Describe the justification for any "Non-MTW Adjustments" given above:

N/A

MIX OF FAMILY SIZ	ZES SERVED (in Plan Yea	r)

1 Person	38%	1934	49%	11%
2 Person	27%	1032	26%	-1%
3 Person	15%	401	10%	-5%
4 Person	11%	290	8%	-3%
5 Person	5%	154	4%	-1%
6+ Person	4%	104	3%	-1%
TOTAL	100%	3915	100%	0%

** The "Baseline Mix Percentage" figures given in the "Mix of Family Sizes Served (in Plan Year)" table should match those in the column of the same name in the "Baseline Mix of Family Sizes Served (upon entry to MTW)" table.

The "Total" in the "Number of Households Served in Plan Year" column should match the "Actual Total" box in the "Actual Number of Households Served in the Plan Year" table in Section II.B.i of this Annual MTW Report.

The percentages in this column should be calculated by dividing the number in the prior column for each family size by the "Total" number of households served in the Plan Year. These percentages will reflect adjustment to the mix of families served that are due to the decisions of the MTW PHA. Justification of percentages in the current Plan Year that vary by more than 5% from the Baseline Year must be provided below.

Describe the justification for any variances of more than 5% between the Plan Year and Baseline Year:

During FY 2023 HACSM pulled hundreds of applicants from the Federal MTW Housing Choice Voucher Program Wait List. Approximately 80% of the households that exited the program in FY2023 were households with 2 or more household members. In addition, approximately 74% of HACSM's PBV portfolio's is SRO, studio or 1-bedroom units.

Number of Households Transitioned to Self-Sufficiency in the Plan Year

Number of households, across MTW activities, that were transitioned to the MTW PHA's local definition of self-sufficiency during the Plan Year.

MTW ACTIVITY NAME/NUMBER	NUMBER OF HOUSEHOLDS TRANSITIONED TO SELF SUFFICIENCY*	MTW PHA LOCAL DEFINITION OF SELF SUFFICIENCY
MTW Self Sufficiency Program/Activity #2000-1	52	Household reached the end of their voucher term, and/or reached an income level that HACSM paid \$0 subsidy for a maximum period of 90 days.
Housing Readiness Program/Activity #2009-2	0	Household reached the end of their voucher term, and/or reached an income level that HACSM paid \$0 subsidy for a maximum period of 90 days.
Tiered Subsidy Table/Activity #2010-9	Included in row 1 & 2 above	The household reached an income level such that HACSM paid \$0 subsidy for a maximum period of 90 days.
	52	(Households Duplicated Across MTW Activities)
	52	Total Households Transitioned to Self Sufficiency

Figures should match the outcome reported where metric SS#8 is used in Section IV of this Annual MTW Report.

The HACSM definition of Self-Sufficiency includes the following:

- The household has reached an income level such that HACSM is no longer providing subsidy on behalf of the family for a period of 90 days, or
- The household has reached the end of the voucher's time limit and will be graduating from the FSS program.

SECTION III: Proposed MTW Activities

All proposed activities that are granted approval by HUD are reported on in Section IV as 'Approved Activities. No new activities are proposed at this time.

SECTION IV: Approved MTW Activities

A. Implemented Activities

MTW Activity Number	MTW Activity Title
2000 – 1	MTW Self-Sufficiency Program
2000 – 3	Eliminate 40% Affordability CAP at Initial Move-In/Lease Up
2009 – 2	Housing Readiness Program (HRP)
2010 – 6	Triennial Recertification Schedule for Elderly/Disabled Families
2010 – 7	Simplify Rent Calculation Process

2015 – 35	Leasing Success Program
2018 – 36	Homeless Young Adults with Disability Program

Activity #2000-1: MTW Self-Sufficiency Program

Approved by HUD: FYE2000 Implemented by HACSM: 5/1/2000

Amended: N/A

Description of the activity

In May 2000, HACSM implemented its' first MTW activity. The MTW self-sufficiency program was originally developed in collaboration with the San Mateo County (SMC) Human Service Agency to respond to the welfare reforms of the Clinton presidency. It was fashioned to focus almost exclusively on improving families' economic self-sufficiency in preparation for the conclusion of their welfare assistance. The core design of HACSM's original MTW program consisted of limiting Housing Choice Voucher assistance to a maximum of six years, while at the same time offering self-sufficiency services to those participants. In FY2010 HACSM changed the voucher term to a maximum of five years. Through December 2013, in order to reach the target population, HACSM only accepted new admissions through a referral process. The referring agencies included the SMC welfare and social service departments, drug treatment facilities, and local homeless shelters. In addition to referring eligible families for admission to the MTW program, these same referring agencies signed agreements with HACSM to provide appropriate case management services to the family throughout the term of their housing assistance.

In FY2014, upon HUD approval, HACSM implemented several revisions to this activity, including the following: 1) January 2014, HACSM opened its HCV waitlist and with this opening began the enrollment of all new households in the MTW Self-Sufficiency program, eliminating the direct referral process; 2) All new program participants from the HACSM HCV waiting list are automatically invited to enroll in the MTW Self-Sufficiency program, and 3) HACSM expanded the number of vouchers allocated to the 5-year time limited program from 300 up to 800 youchers.

With the exception of elderly and disabled households, all MTW Self-Sufficiency participants are required to participate in the HACSM Family Self-Sufficiency (FSS) program with the goal of helping families to be gainfully employed and free of welfare assistance 12 months prior to the end of the FSS contract. Non-compliance with the FSS contract could be cause for termination of housing assistance. HACSM collaborates with county and non-profit service providers to prepare MTW households to be economically self-sufficient upon graduation.

With the flexibility afforded through the MTW program, HACSM designed a local method by which escrow is calculated for the FSS program participants at the time of graduation. In FY2014, due to the fact that this MTW Activity #2000-4 (Escrow Accounts) was so integrally related to the self-sufficiency goals of program participants, HACSM combined these two activities under Activity #2000-1 for reporting purposes.

In FY2023, HUD approved HACSM revised FSS Action Plan. The revised, MTW HACSM escrow calculation method considers several activities that support a family's increasing self-sufficiency, which are often necessary for an individual to be job-ready and positioned for higher paying positions, instead of only recognizing increases in earned income. The maximum escrow credit and pay out at graduation is \$5,000 per family. Because escrows are only calculated and credited at the end of the FSS Contract term, interim withdrawals were eliminated.

The HACSM-designed calculation methodology is as follows:

- *Employment*: In order to qualify, at program exit, the family must achieve either: 1. The lesser of \$1,500 or a 15% increase over the above stated Earned Income baseline if the baseline amount is more than \$2000, or 2. A \$10,000 increase over the above stated Earned Income baseline if the baseline amount is \$2000, or less. HACSM will calculate escrow based on a dollar for dollar match up to \$1,000. (\$1,000 maximum per family under this category)
- Education/Vocational Degree Attainment: \$500 for each completed education/vocational goal. (\$1,000 maximum per family under this category)
- *Personal Enrichment/Job Preparation*: \$50 for each workshop, skill improvement training completed. (\$500 maximum per family under this category)
- Path to Citizenship: \$250 for each goal completed per family member in this process (\$500 maximum per family under this category)
- Budgeting/Saving Series:
 - o Attend a HACSM-sponsored budgeting class within the first six months of program entry. (\$50)
 - o Prepare and submit to HACSM a personal budget for six months following the budgeting class. (\$100)
 - Establish (open) a new savings account within the first year of program entry or a secured credit card to re-establish credit.
 Once credit has been established, open a savings account. (\$50)
 - Establish a pattern of savings by: a. . During the final 12 months of participation, make a minimum of 10 monthly deposits of at least \$25, <u>AND</u> b. Any monthly withdrawals may not cause the deposit amount to be less than \$25. (\$300)

o Increase savings balance over the savings baseline by at least \$2,000. (\$300)

Note: Retirement accounts will not be considered as savings accounts.

(\$800 maximum per family under this category)

- *Improve Credit Score*: \$1 for each credit score point improved over the Credit Score baseline. (\$250 maximum per family under this category)
- Personal Participant Pay Point from Individual Training and Service Plan (ITSP). Qualifying goals include Entrepreneurship, transportation, childcare, fulfilling student loan obligations, expunging criminal records, completing the full LENA program, completing the WANDA program and resolving outstanding child support payments. \$250 for each Personal Participant goal completed. (\$500 maximum per family under this category)
- Homeownership Series:
 - Attend a homebuyer education workshop. (\$50)
 - Obtain a pre-approval letter from a mortgage lender. (\$150)
 - Close escrow on the purchase of a home. (\$300)
 (\$500 maximum per family under this category)

Since this activity's original implementation, portability was generally not approved due to the five-year time limit and HACSM's inability to enforce other PHAs compliance with this unique aspect of the HACSM MTW-approved activity. However, in FY15 due to households joining the program via the wait list, under the hardship policy, HACSM will consider a received request based on the following conditions: 1) Approved reasonable accommodation, 2) Participation, as a full-time student, in a training program that is more than 35 miles from the nearest San Mateo County border, or 3) Full Time employment that is more than 35 miles from the nearest San Mateo County border. (See Appendix I for the full hardship policy)

Impact of the activity

In FY2023, a total of 570 households received rental subsidy under the MTW Self Sufficiency Program. Of that total, 247 households have an active Contract of Participation and received self-sufficiency services. During the same period, 52 families had successfully graduated from the program.

Although not a part of the Standard Metrics, HACSM has also been monitoring the housing outcomes for families exiting the program. In

FY2023, of the 52 households who graduated from the program, none of the families expressed that they would have to enter shelter or become homeless upon graduation. Some increased their earned income to the point where HACSM was not contributing any housing subsidy, some were able to remain in the same unit paying the full rent amount, several were able to secure an affordable below-market-rate unit from one of the cities within San Mateo County, others moved in with friends or family, and some made the decision to relocate to a jurisdiction with a lower cost of living.

There were 219 families who requested a hardship program extension in FY2023. Based on the HACSM's hardship policy, 216 requests were approved.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?				
SS #1: Increase in Household Income								
Average earned income of households affected by this policy in dollars (increase)	As established in FY2010, the average earned income of households at entry was \$17,858	Expected increase in average earned income of \$500 annually of households affected by this policy prior to implementation.	Average earned income per households is \$41,063	Yes				
	SS #2: Increase in Hou	sehold Savings						
Average amount of savings/escrow of households affected by this policy in dollars (increase)	As established in FY2013, the average savings per household was \$569 SS #3: Increase in Positive Outcomes in 1	Expected \$100 increase in savings per household Employment Status (Household)	Average Savings per household is \$5,363	Yes				
Employed Full Time	In FY2013, 9 households who graduated from the program were employed full time at program entry	Expected number of households employed full time: 15	105	Yes				
Employed Part Time	FY2013, 2 households who graduated from the program were employed part	Expected number of households employed part time: 10	69	Yes				

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
	time at program entry			
Enrolled in an Educational Program	FY2013, 5 households who graduated from the program were enrolled in an education program	Expected number of households enrolled in education program: 10	153	Yes
Enrolled in Job Training	FY2013, 5 households who graduated from the program were enrolled in a job training program	Expected number of households enrolled in job training program: 10	128	Yes
Unemployed	FY2013, 8 households who graduated from the program were unemployed at program entry	Expected number of households unemployed: 10	73	No ¹
SS #4:	Households Removed from Temporary	Assistance for Needy Families (TANF	")	
Number of households receiving TANF assistance (decrease)	131 families were receiving TANF at program entry. In FY2013, 83 families were receiving TANF	Decrease in the number of families receiving TANF by 10 families per year	23	No ²
	SS #5: Households Assisted by Services	s that Increase Self-Sufficiency		·
Number of households receiving services aimed to increase self-sufficiency (increase)	In FY2013, 19 families completed financial, employment, and educational workshops	HACSM expects 30 of the households receiving self-sufficiency services after implementation	247	Yes
	SS #6: Reducing Per Unit Subsidy Cost	ts for Participating Households		
Average amount of Section 8 and/or 9 subsidy (or local, non-traditional subsidy) per household affected by this policy in dollars (decrease)	In FY2012, the average amount of Section 8 subsidy per household was \$1,331	HACSM expects the average subsidy per household after implementation to remain consistent at \$1,331	\$2,131	No ³

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?			
SS #8: Households Transitioned to Self-Sufficiency							
Number of households transitioned to self-sufficiency (increase)	0 households transitioned to self- sufficiency prior to implementation	Expected number of households transitioned to self-sufficiency: 10/year	52	Yes			

^{*} Narrative of Challenges, if not Achieved and Potential New Strategy

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

HACSM did not make any changes to the data collection methodology or data collected for this activity.

¹ *Unemployed:* (1) The unemployed number fluctuates from year to year because HACSM continues to admit new households to the program. For example, newly admitted households who are unemployed are also added to the total. HACSM expects the outcome will improve as these families gain employment during their terms of assistance. (2) The COVID pandemic has hugely affected job opportunities for the MTW Self-Sufficiency participants.

² Households receiving TANF: New households were added to the program. Some of these newly admitted households have TANF as part of their income.

³ Average amount of Section 8 subsidy per household: In FY2023, the HACSM housing market continued to represent one of the most expensive in the nation. The trend has continued over multiple years, and as such the average subsidy for the program is in alignment with San Mateo County as a whole. In addition, the TST table was revised effective July 1, 2022.

Activity #2000-3: Eliminate 40% Affordability Cap at Initial Move-in/Lease Up

Approved by HUD: FYE2000 Implemented by HACSM: 5/1/2000

Amended: N/A

Description of the activity

The original MTW contract, executed in 2000, allowed HACSM to eliminate limits on the proportion of household income that could be spent on housing costs for its initial 300 time-limited MTW clients. In the FY2009 MTW Annual Plan, HACSM received HUD approval to expand this initiative to the entire HCV program.

This MTW activity is designed to support a family's ability to have greater housing choice, through having access to cities throughout San Mateo County. Prior to July 2009, whether HCV applicants leasing up for the first time, or participants in the relocation process, were unable to secure housing outside high poverty areas due to the restrictive 40% affordability cap.

Although the hard affordability cap has been eliminated, HACSM continues to play a major role in negotiating rents on behalf of the participant when needed and has established safeguards to ensure the tenant portion of rent is affordable to the participant. Safeguards include, but are not limited to:

- Discussion of rent affordability with the participant before move-in
- Outreach to property owners to increase housing availability
- A calculation tool that shows the tenant portion of rent in relation to his/her income with the addition of excluded income sources that might mitigate the higher rent burden
- Required supervisory approval procedures on a case-by-case basis for instances where the tenant rent burden is over 50% of their monthly adjusted income

Impact of the activity

In FY2023, San Mateo County continued to be one of the highest cost of living communities in our nation. Current participants and new voucher holders searching for affordable housing in San Mateo County are faced with an extremely challenging and competitive housing market. Since implementation, HACSM has found that this activity has provided some necessary relief to those engaged in a search for affordable housing in San Mateo County.

Throughout the reporting period, HACSM continued to monitor the lease up statistics, voucher utilization, and the prevailing rent burden for participants to ensure that vouchers are being utilized and participants are not facing an overly burdensome cost for housing. It is important to note that, as discussed in the design of this activity above, all HAP contracts that could result in a household's paying more than 50% of their monthly adjusted income toward their rent received additional supervisory review and one-on-one discussions with the household. This is an additional step that HACSM staff take to support the household on a case-by-case basis. In FY2023, HACSM denied 14 Request for Tenancy Approvals due to affordability. Without this activity, the reality of finding a unit would be even more bleak with the current San Mateo County housing market.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?	
HC #5: Increase in Resident Mobility					
Number of households able to move to a better unit and/or neighborhood of opportunity as a result of the activity (increase).	0 families.	HACSM expects that 20 households will be able to move to a better unit and/or neighborhood of opportunity after implementation	357	Yes	
Narrative of Challenges, if not Achieved and Potential New Strategy					

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

HACSM did not make any changes to the data collection methodology or data collected for this activity.

Activity #2009-2: Housing Readiness Program (HRP)

Approved by HUD: FYE2009
Implemented by HACSM: 7/1/2008
Amended: N/A

Description of the activity

Through partnerships with San Mateo County's Center on Homelessness and other providers of homeless services, HACSM is able to serve up to 150 homeless families who may not otherwise qualify other homeless programs. Homeless families join the program through a referral process. In the original program design, new program participants received rental subsidy for up to three years while at the same time having continued access to various supportive services programs, provided by the homeless services partners. In August 2016, HACSM aligned the Housing Readiness Program with the MTW Self-Sufficiency Program (Activity #2000-1) and expanded the term of participation for all new HRP participants from three years up to five years. In addition to the extended term of participation, at the time of initial lease up, the new households are encouraged to join the FSS program and meet with the FSS Coordinators to establish their goal plan and execute an FSS Contract of Participation. These households are also eligible for escrow monies upon successful graduation from the FSS program.

Impact of the activity

In FY2023, a total of 87 households received rental subsidy under the MTW Housing Readiness Program. Of that total, 43 households have

an active Contract of Participation and received self-sufficiency services. During the same period, 0 families had successfully graduated from the program.

There were 38 families who requested a hardship program extension in FY2023. Based on the HACSM's hardship policy, 37 requests were approved.

---------------------	----------	-----------	---------	------------------------

of assistance. (2) The COVID pandemic has hugely affected job opportunities for the Housing Readiness participants.

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

³ Households receiving TANF: New households were added to the program. Some of these newly admitted households have TANF as part of their income.

⁴ Average amount of Section 8 subsidy per household: In FY2023, the HACSM housing market continued to be one of the most challenging in the nation. Rental rate continued to climb annually. In addition, the TST table was updated effective July 1, 2022. As a result, subsidy per household has also increased.

⁵ Expected number of households transitioned to self-sufficiency: Majority of the HRP households are still within their initial FSS Contract of Participation.

Activity #2010-6 (Revised): Triennial Recertification Schedule for Elderly Disabled Families

Approved by HUD: FYE2010
Implemented by HACSM: 7/1/2009
Amended: FY2014

Description of the activity

Building upon the success of the original activity "Biennial Recertification Schedule for Elderly/Disabled Families," in FY2014 HACSM expanded the regular recertification schedule to once every three years for Elderly/Disabled households. Interim changes will be conducted in accordance with the policies stated in the HACSM Administrative Plan.

Impact of the activity

HACSM continues to perform recertifications for all households that are designated as elderly and/or disabled triennially. However, HACSM will see the household and process interim adjustments in situations where the household income decreases or there is a change in the household composition. The triennial recertification has resulted in significant cost and staff time savings. Due to COVID restrictions, FY2023 some of the recertifications were conducted by mail and virtual meetings.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?	
CE #1: Agency Cost Savings					
Total cost of task in dollars (decrease)	In FY2014, the cost of completing this task was \$154,085	HACSM expects that the cost for completing this task to not exceed \$118,645	\$66,030	Yes	

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?

Total time to complete the task in staff hours (decrease)	Total amount of staff time dedicated to the task prior to implementation of the activity was 2949 hours	Expected amount of total staff time dedicated to the task after implementation of the activity 1800 hours	1,094 hours	Yes
* Narrative of Challenges, if not Achieved and	l Potential New Strategy	hours		

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2010-7: Simplify Rent Calculation Process

Approved by HUD: FYE2010
Implemented by HACSM: 7/1/2009
Amended: 7/1/2011

Description of the activity

In July 2009, HACSM implemented several MTW activities related to the rent calculation policies and procedures. It was HACSM's intent that implementing the new activities would create a simple, easy to understand process for the participants and a streamlined, more efficient practice for HACSM. This activity also improves accuracy of the rent calculations. In July 2011, HACSM modified the activities resulting in the following:

Asset Calculations

HACSM established a minimum threshold of \$50,000 in assets before any income from assets would be included or calculated when determining the household's annual adjusted income.

If the household has total assets of \$50,000 or more, HACSM will include the *actual* interest earned in determining the household's annual adjusted income. Since implementation, the streamlined method for calculating assets has significantly simplified the rent calculation process without creating further burden for program participants as most participants have assets less than \$1,200.

Elimination of Earned Income Disallowance (EID)

Effective July 1, 2013, HACSM eliminated the EID portion of this activity as all current program participants were realizing greater benefit from the alternate recertification schedule, coupled with the HACSM interim policy.

In FY2017, HACSM proposed to roll together Activity 2012-25 "Exclude Asset Income from the Calculation for Households with Assets under \$50,000" into this activity as they are so closely aligned.

Impact of the activity

In FY2023, 3,321 households reported at least one asset account. Of these households, only 73 or 2.2% have assets over \$50,000. The average asset value per household is \$5,066. With this low average and interest rate, majority of the program participants did not earn any interest from their account.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
	CE #1: Agency Co	st Savings		
Total cost of task in dollars (decrease)	Cost of task prior to implementation: In FY2014, the cost of calculating the annual adjusted income for 3,102 households seen was \$59,774	\$59,774	\$132,238	Yes ¹

housing assistance (increase)	dollars). \$0			

^{*} Narrative of Challenges, if not Achieved and Potential New Strategy

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

¹ The outcome includes increase in personnel costs and additional vouchers awarded to HACSM since FY2014

² The outcome reflects increases in the number of vouchers administers by HACSM

³ Due to the low dollar value of program participant's assets and overall low interest rate offered by financial institutions, this activity does not have significant impact on rental revenue

Activity #2010-8: Simplify Third Party Verification Process

Approved by HUD: FYE2010 Implemented by HACSM: 7/1/2009

Amended:

Description of the activity

In FY2010, HACSM received HUD approval to simplify the third-party verification process associated with earned income, asset income, and medical and childcare expenses, to relieve administrative burdens, increase productivity, and ease the intrusive nature of the process for HCV applicants and participants.

- Effective July 1, 2009, HACSM increased the threshold at which assets require third-party verification from \$5,000 to \$50,000 for the HCV programs. In place of third-party verification, the family is required to provide a current statement from the financial institution(s) showing the balance of the asset account(s). All assets valued over \$50,000 continue to require third-party verification.
- Effective July 1, 2009 HACSM instituted a policy in which eligible families, who claim medical expenses, are required to sign a self-certification and provide supporting documents from credible and established sources, such as receipts from medical care providers or pharmacy statements as proof of the claimed expenses.
- Effective July 1, 2009 HACSM instituted a streamlined verification process to reduce the challenges in verifying claimed childcare expenses. Eligible families who claim childcare expenses are now required to sign a self-certification and provide supporting documents from credible and established sources, such as day care invoices, receipts or written statements from the childcare provider as proof of the claimed expense. Expenses incurred from an adult member of the household who provides childcare or the absent parent who does not reside in the subsidized unit, are not acceptable.
- Effective July 1, 2009, HACSM implemented a revised timeline for verification documentation to 120 days for HCV applicants and participants. This new timeline reduces duplication of work and accelerates an applicant's admission to the program and a participant's recertification for continuing program eligibility.

HACSM continues to use the Enterprise Income Verification (EIV) system for verification of participant identity, wage and assistance benefits.

Impact of the activity

This activity has continued to support the HACSM MTW program and has been successful in creating efficacies that provide the avenues for staff resources to be allocated to self-sufficiency activities.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?		
CE #1: Agency Cost Savings						
Total cost of task in dollars (decrease)	Cost of task prior to implementation In FY09, the total cost to complete this task was \$29,285	\$15,000 annually	\$7,253	Yes

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2010-9: Tiered Subsidy Tables (TST)

Approved by HUD: FYE2010 Implemented by HACSM: 3/1/2010

Amended:

Description of the activity

The TST, a subsidy table representing the first of its kind in the nation, gives HACSM the ability to inform the participant of the maximum dollar amount that HACSM will contribute to their housing costs *at the time* of voucher issuance. This is a 180° change from the standard HCV rules that cannot determine the participant's subsidy portion until after a unit is secured and the contract rent and utility responsibilities are negotiated with the landlord/owner.

While other housing authorities have established rent tables that inform a participant of their rent portion based on eligible bedroom size, HACSM's TST gives participants the ability to search for available units with the knowledge of exactly how much HACSM will contribute to their housing costs throughout San Mateo County, make personal decisions as to how much of their income they are comfortable contributing towards their housing costs, and practice in negotiating with owners through the leasing process. The HACSM intention through this program change is to empower the participants to take personal responsibility for their lives, starting with their housing decisions.

Impact of the activity

In FY2023, the TST has continued to provide greater flexibility for families and a simpler rent calculation method for staff. Because of the on-going high rents in San Mateo County, HACSM has continued to closely monitor the subsidies provided by the TST and resulting tenant rent burden. In the spring of 2022, HACSM conducted a review of the rent burden for the participant households and the new Fair Market Rents published by HUD and subsequently increased the subsidy amounts of the TST, effective July 1, 2022, to reflect the current, extremely competitive rental market in San Mateo County.

In FY2023, with the on-going monitoring of the tenant rent portions and the Agency budget, HACSM also determined that transitioning the Project Based properties back to a traditional PBV rent calculation process would be more beneficial to the program participants.

Activity #2010-10: Simplify HQS Process For HACSM-owned or affiliated properties

Approved by HUD: FYE2010 Implemented by HACSM: 7/1/2009

Amended:

Description of the activity

HACSM is allowed to inspect HACSM-owned properties to determine HQS compliance. HACSM is not required to submit inspection reports for HACSM-owned or affiliated properties to the HUD Field Office. HACSM maintains these records in its' electronic filing system and can provide them to HUD upon request.

Impact of the activity

This activity has continued to be effective in supporting the HACSM goal of increased administrative efficiency.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?	
CE #1: Agency Cost Savings					
Total cost of task in dollars (decrease)	In FY2009, HACSM had an annual direct cost of \$1,500 to hire outside consultants to inspect HACSM-owned properties	HACSM expects that this task will cost no more than \$6,000 annually, after implementation	\$10,343	Yes

Activity #2011-15: Institute Biennial Inspection Schedule for Units Under Contract

Approved by HUD: FYE2011 Implemented by HACSM: 7/1/2010

Amended:

Description of the activity

All HCV units are inspected on a biennial schedule. HACSM continues to conduct any complaint inspections. The units must, at all times, meet Housing Quality Standards while under contract.

Impact of the activity

The biennial inspection schedule has continued to support the HACSM goal of greater administrative efficiency. It has also provided HACSM staff the time savings to redirect toward assisting participants to secure housing, facilitating the lease up process between the participants and landlords and finally, to conduct owner outreach, which is vital in San Mateo County at this time. In the recent years HACSM inspectors have made the commitment to process new Request for Tenancy Approval requests within a 24-hour period. This commitment, in addition to the landlord financial incentives, has made a positive impact on owners of rental property and their willingness to support the affordable housing programs.

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?	
CE #1: Agency Cost Savings					
Total cost of task in dollars (decrease)	On average, the cost to complete HQS inspections prior to implementation: \$195,046	HACSM expects that it will cost no more than \$100,000 (annually) to complete HQS inspections.	\$182,339	Yes ¹

Changes to the data collection methodology

Activity #2011-16: Expand the Section 8 Project-Based Voucher Program

Approved by HUD: FYE2011
Implemented by HACSM: 5/23/2011

Amended:

Description of the activity

Effective July 1, 2010 HACSM received HUD approval to increase the percentage of its' voucher budget authority to 30% for the Project-Based program. And, in 2017 and again in 2018, due to the excessively challenging HACSM rental market, HACSM received HUD approval to further increase the percentage of its' voucher budget authority for the project based program to 40%. Expansion of the PBV program is one of the major resources for the development of additional affordable housing units and has significantly supported San Mateo County to meet the goals of its HOPE Plan, the County's 10-year plan to end homelessness.

In selecting future Project-Based projects, HACSM will give preference to properties that are newly constructed, located near public transportation corridors, and contain energy efficient features. This activity provides an avenue to increase housing choice for families by increasing the supply of decent, safe, and sanitary affordable housing. By diversifying the use of our finite number of vouchers, this initiative will provide a wider variety in type and location of housing for our participants, present and future.

In FY2014, HACSM adopted policies to support the initial activity proposal that requires participating families to stay at least 24 months in a PBV unit before they are eligible to move with continued assistance; and that any continued assistance would be a part of the MTW/FSS five year time-limited program. If there is a need for additional housing assistance at the end of the term of participation, the family may apply for an extension according to HACSM hardship policy.

Impact of the activity

As of June 30, 2023, HACSM has established project-based contracts and commitments for approximately 37.5% of its HCV portfolio.

As discussed in Activity 2010-9: Tiered Subsidy Tables (TST), in FY2020, as part of its' on-going program monitoring, HACSM conducted a

review of the participant rent portions and the on-going HCV budget and concluded that using the traditional PBV rent calculation is more beneficial to the program participants. This transition was effective at the time of the annual contact rent increase.

Standard HUD Metrics

Changes to the data collection methodology

Activity #2011-17: Revise Eligibility Standards

Approved by HUD: FYE2011 Implemented by HACSM: 7/1/2010

Amended:

Description of the activity

HACSM implemented an asset value limit for all new applicants and participants. The HACSM policy includes the following criteria: 1) If an applicant has assets exceeding \$100,000, or a present ownership interest in a suitable home in which they have a legal right to reside, they are determined to be ineligible for the program, 2) If a participant experiences an increase in assets, such that their assets are currently valued at more than \$100,000, or has (since their last reexamination) gained ownership interest in real property in which the participant has a legal right to reside, the participant would be determined ineligible for continued assistance. This determination is made through the recertification process, annually or biennially, based on the household's regular recertification schedule.

In January 2014, HACSM opened its MTW Waitlist for the first time since July 2008.

Impact of the activity

This activity has continued to provide HACSM with an efficient tool to reach the neediest households in our community. In FY2023, HACSM maintained an average of 16,135 households on the HCV waiting list. HACSM selected applicants for eligibility determination during FY2023 to increase its utilization rate.

In FY2023, no household was denied due to owning property where they have the legal right to reside, and 4 households were denied eligibility due to exceeding the asset limits.

Changes to the data collection methodology

Activity #2011-27: Provider Based Assistance Program

Approved by HUD: FYE2012
Implemented by HACSM: 11/15/2011

Amended:

Description of the activity

HACSM implemented a provider-based assistance program, outside the scope of the voucher program. The Provider-Based Assistance program) PBA was designed with the intention to reach populations in San Mateo County who were under-served or not served by the voucher program or other special-funded programs. In FY2023, HACSM had four contracts with service providers supporting the following hard to reach populations, 1) Survivors of domestic violence, 2) Recently released, non-violent parolees, 3) Single parent households with minor children, and 4) Frail elderly who can live independently with supportive services assistance provided by the Health Plan instead of being placed in a much higher cost skilled nursing facility that is not needed for their health care. In some cases, the housing assistance follows the "Transitional Housing" model with housing provided for a short period of time, up to 18 months. In other cases, the housing assistance is provided for a maximum of 36 months.

Impact of the activity

In late FY2023, the PBA program has continued to successfully reach households that would otherwise be very challenging to reach.

Activity #2012-21: Change Qualifications for Full-Time Student Status

Approved by HUD: FYE2012 Implemented by HACSM: 7/1/2011

Amended:

Description of the activity

In order for a family member, other than the head, co-head, or spouse to qualify for the full-time student (FTS) status, the family member must be less than 24 years old, attend an accredited institution full time, and provide a transcript from the institution to support the full-time student status. Once the FTS status is determined, the family member will be granted a dependent deduction and earned income exclusion.

Impact of the activity

HACSM has continued to find this activity a key support in encouraging High School graduates to continue with their college courses immediately thereafter. In FY2023, there were 184 households with Full Time Students between the ages of 18-24. On average, HACSM excluded \$10,411 of the students' annual earned income for these households.

In FY2023, there were 30 households with full time students over the age of 24, with an average annual earned income of approximately \$23,653 per household that was included in the gross income calculation.

HACSM did not receive any hardship requests as a result of this activity.

Changes to the data collection methodology

Activity #2012-23: Modify Head of Household (HOH) Changes Policy

Approved by HUD: FYE2012 Implemented by HACSM: 7/1/2011

Amended:

Description of the activity

In order to encourage families towards self-sufficiency and reach more eligible households on the HCV waitlist, HACSM implemented the following policies regarding the activities for head of household change requests. The HACSM policies include the following:

- 1. The individual becoming the new HOH must be in the household for at least the previous 12 consecutive months, and
- 2. At the time of the HOH change, the household would join the time-limited MTW Self-Sufficiency program (Activity #2000-1). However, if household is already enrolled in the time-limited MTW Self-Sufficiency program, the remaining household members would only be eligible for the remaining term, not an additional 5-year term.

Impact of the activity

In FY2023, 42 households in the MTW program requested a change in the HOH.

Activity #2012-24: Change Automatic Termination of HAP Contact from 180 to 90 Days

Approved by HUD: FYE2012 Implemented by HACSM: 7/1/2011

Amended:

Description of the activity

HACSM reduced the number of days that a participant can remain on the program, while paying 100% of their rent, from 180 to 90 consecutive days.

Impact of the activity

During FY2023, 12 households exited the program due to "zero HAP" status. HACSM continued to see an on-going trend that while some households were able to exit the program as a result of reaching an income level such that HACSM no longer paid any rental subsidy, others had experienced decrease in income during the 90-day period and remained in the program.

Activity #2012-26: Commitment of MTW Funds for Leveraging in the Creation of Additional Affordable Housing in San Mateo County

Approved by HUD: FYE2012 Implemented by HACSM: 10/26/2011

Amended:

Description of the activity

HACSM originally committed up to \$4,000,000 of MTW funds for the development of additional affordable (low income, very low income and extremely low income) housing in San Mateo County. Since implementation of this activity, HACSM was able to leverage additional MTW funds to further increase the number affordable units being developed. Development activities included site acquisition, substantial rehabilitation of existing stock, and development of new units.

Impact of the activity

This activity has been essential to the development of new construction affordable housing units in San Mateo County. Since the implementation of this activity, close to \$27,400,000 of the MTW funds have been awarded to 13 developments, which will provide 897 units of new, high-quality affordable housing for low, very low, and extremely low-income households. 703 of these units are already completed and leased, with another 194 either in construction or pre-development stage. The \$27,400,000 in MTW funding have leveraged approximately \$230 million in other sources of financing for these units. Additionally, the MTW funds were awarded to developers in the form of low-interest loans. As of June 30, 2023, \$2,237,863 has been paid back by the developers.

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Changes to the data collection methodology

Activity #2014-29: Revise Child Care Expense Deduction

Approved by HUD: FYE2012
Implemented by HACSM: 11/15/2011

Amended:

Description of the activity

In conjunction with HUD regulations, HACSM defines childcare expenses as amounts anticipated to be paid by the family for the care of children 12 years of age and under during the period for which annual income is computed, but only when such care is necessary to enable a family member to work, seek work, or go to school (furthering education) and only to the extent such amounts are not reimbursed.

HACSM defines allowable childcare deductions as follows:

- 1. The care must be provided for one or more qualifying persons. A qualifying person is a person who is a dependent child, age 12 and under, of a family member who is the parent or legal guardian of the child.
- 2. The care must be provided to enable the parent or guardian to work, seek work, or attend school full time.
- 3. The payments for care cannot be paid to the non-custodian parent(s) of the qualifying child.
- 4. The maximum allowable childcare deduction is the lesser of the actual expense or 50% of the gross earnings or net profit from self-employment of the parent or guardian.

If both parents are in the subsidized household, the 50% gross earnings cap will be based on the lower of the two earnings from the parents. One parent may be considered as having earnings if the parent is a full-time student or a person with disabilities that inhibits the parent to care for the child. In this case, the earnings will be based on the working parent. The amount deducted shall reflect reasonable charges for childcare.

A single parent who pays childcare to look for work or attend school full time will qualify for childcare expense deduction only if the expense is necessary and reasonable. The maximum allowable childcare deduction for a parent or guardian who has no earnings but seeks work or attends school full time will be the lesser of the actual expense paid or \$5000 per year per qualifying child, provided the deduction does not

exceed the parent's non-earned income.

Impact of the activity

HACSM has continued to find that this activity helps to clarify the process for childcare expenses resulting in some staff time savings and at the same time provided clarity and greater equity for all program participants. During FY2023, this activity resulted in approximately \$56,808 annual childcare expenses that were disregarded due to exceeding the policy limits. There were 192 households that claimed childcare expenses for deduction. The average amount per household that was deducted from the household's annual adjusted income was \$6,331.

There were no hardship requests received as a result of this activity in FY2023.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
	CE #5: Increase in Re	ntal Revenue		
Total Household contributions towards housing assistance (increase)	The total household contributions towards housing assistance in FY2013 was \$1,653,740	HACSM expected the total household contributions after implementation of the activity to remain constant at approximately \$1,650,000	\$735,348	Yes ¹

^{*} Narrative of Challenges, if not Achieved and Potential New Strategy

¹ There has been a decrease in the number of households that claimed childcare expense during the reporting period.

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2015-30: Standard Proration for Ineligible Household Members

Approved by HUD: FYE2015
Implemented by HACSM: 9/2/2014

Amended:

Description of the activity

In FY2015, HACSM implemented a standard pro-ration of \$150 per ineligible household member that is subtracted from the total monthly HACSM HAP subsidy for the household. Implementing this activity allowed HACSM to meet the HUD regulation which required that the PHA prorate the HAP portion of the household's subsidy for the eligible household members, while at the same time assisting participants and applicants understand the calculation method for their rent portion and easing the barriers that mixed families were facing in finding and rental an affordable housing unit.

Impact of the activity

Upon implementation of this activity, HACSM staff saw that there were fewer challenges in managing the program for families that included members who were ineligible due to their citizenship status. In FY2023, there were 119 mixed families in the program. As a result of this MTW Activity, mixed families experienced some relief in the housing search and lease up process. Since implementation, HACSM has not received any hardship requests from participants in relation to this MTW activity.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2015-31: Local Referral Process for Supportive Service Exception Units, in Project Based Voucher (PBV) Complexes

Approved by HUD: FYE2015
Implemented by HACSM: 9/2/2014

Amended:

Description of the activity

Current PBV regulations require the PHA provide applicants to an owner of PBV units from the PHA wait list. In general, this system is efficient and with on-going oversight and communication with PBV owners, HACSM has been able to provide a sufficient number of applicants for an owner to fill vacancies in a timely manner. The one area where this has been problematic has been in supportive service exception units. Balancing the overall number of households on the waitlist while at the same time maintaining a sufficient number of households that can most benefit from the services provided for the exception units have proven to be quite challenging and time consuming. In some instances, it requires the opening and closing of the waitlist to expand the pool of applicants. This process is extremely inefficient as opening and closing a waiting list for a preference causes confusion to the public and delays in serving the population who can most benefit from the services.

To address this situation, HACSM has implemented a local referral process for supportive service exception units. The process is such that upon notice from an owner that an exception unit has been vacated, HACSM provides a list of applicants to the owner from its waitlist. If HACSM is unable to provide a list of applicants to the project owner within 15 business days, or upon owner screening, it is determined that none of the applicants provided by the PHA wait list meet the owner's selection criteria or the applicants subsequently do not meet HACSM eligibility requirements, HACSM will accept direct referrals from the owner or the service providers that provide services for the exception units for eligibility determination. As always, the owner is required to notify HACSM, in writing, of any rejected applicant including the grounds for the rejection.

Impact of the activity

Upon HUD approval, HACSM implemented this activity in FY15. In FY2023, HACSM has used this MTW flexibility for PBV units with specific preferences, such as homeless and supportive service units where the program participants with special needs may benefit from the

services provided by the owner.

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2015-32: Revised EIV Income Report Review Schedule

Approved by HUD: FYE2015
Implemented by HACSM: 10/1/2014

Amended:

Description of the activity

Effective January 31, 2010, HUD implemented new regulations mandating the use of EIV as a third-party source to verify tenant employment and income information during mandatory certifications. Prior to the issuance of the HUD notice advising agencies of the revision, utilizing the EIV income report for interim certifications was not required by HUD, only during annual reexaminations. The reinterpreted regulations concerning the use of EIV changed the requirement such that review of the EIV income report is now a required component of all certification processes, including interim reexaminations.

The requirement to now use the EIV income report for both annual and interim reexaminations translates to additional staff time expended when processing interim reexaminations, which also renders an increase in costs, linked to the staff time for accessing and reviewing the EIV income report. To reduce cost and administrative burden, HACSM has modified the EIV review schedule by not generating the EIV income reports during interim reexaminations and only generating the EIV income report during annual or triennial reexaminations.

In concert with this, HACSM's current interim policy allows for certain actions to be processed without having to meet with the family in person. For example, if a family reports a decrease in income, not associated with a family composition change, HACSM requires the family to submit the necessary documents to reflect the change. Based on the family's documentation, HACSM recalculates the tenant and HAP portions accordingly. Not having to access and review the EIV income report at interim recertifications has led to a more efficient process for HACSM staff.

Impact of the activity

Upon implementation HACSM has found that this activity has reduced administrative costs by streamlining the EIV process for staff, without impacting staff's ability to monitor a family's pattern of potentially undisclosed income during the reexamination processes. HACSM has also

continued to work with and educate staff regarding thoroughly communicating with participants during the regular recertification process to ensure their on-going compliance, up to and including potential termination procedures.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
	CE #1: Agency Co	st Savings		
Total cost of task in dollars (decrease)	In FY2014, prior to implementation, the cost to complete this task was \$12,749	HACSM expects that the cost to complete this task will be: \$2,560	\$2,283	Yes
	CE #2: Staff Time	e Savings		
Total time to complete the task in staff hours (decrease)	In FY2014, it required 244 hours to complete this task	49 Hours	34 Hours	Yes
* Narrative of Challenges, if not Achieved and Potential New Strategy				

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2015-33: Local PBV Inspection Process

Approved by HUD: FYE2015
Implemented by HACSM: 9/2/2014

Amended:

Description of the activity

Current HUD regulation allows PHAs to inspect a random 20% sample of PBV contract units in a building annually. If 20% of the inspected units fail HQS, PHAs then are required to inspect 100% of the units. Building on the success of the other HQS-related MTW activities, its close working relationship with PBV unit owners, and the quality of its PBV units, HACSM implemented a Local PBV Inspection Process to ensure PBV-owner's compliance with HQS for all units under contract.

The Local PBV Inspection Process considers the HACSM biennial inspection schedule for its PBV units. With this activity, HACSM has the additional flexibility to instead choose to inspect 20% of its PBV units in a building annually. As always, if the inspected unit(s) fails HQS and the deficiencies are not corrected within 30 days upon notification to the project owner or the HACSM-approved extension period, HACSM will abate HAP for the unit. If the deficiencies are not corrected within 90 days after the abatement notice, HACSM will remove the unit from the PBV contract and no retroactive HAP will be made during the abatement period.

Impact of the activity

While HACSM implemented this activity immediately upon HUD approval, HACSM has not actively used its authority to only inspect 20% of PBV units in a project in FY2023. HACSM has continued to conduct biennial inspections with the Agency's staff or independent contractors.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved? ¹
	CE #1: Agency (Cost Savings		
Total cost of task in dollars (decrease)	In FY2014, it required \$15,570 to complete this task	HACSM expects that the cost to complete this task after implementation to be no more than \$6,218	N/A ¹	N/A ¹
	CE #2: Staff Ti	me Savings	-	
Total time to complete the task in staff hours (decrease)	In FY2014, it required 298 hours to complete this task	HACSM expects that after implementation it will require 119 hours to complete this task	N/A ¹	N/A ¹

^{*} Narrative of Challenges, if not Achieved and Potential New Strategy

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

¹HACSM has not actively used its authority to only inspect 20% of PBV units in a project in FY2020. All PBV units were inspected according to the voucher program biennial inspection schedule (activity #2011-15). Instead, HACSM has continued to conduct biennial inspections.

Activity #2015-35: Leasing Success Program

Approved by HUD: FYE2015
Implemented by HACSM: 10/1/2014

Amended:

Description of the activity

In FY2015, HACSM implemented the use of its' Broader Use of Funds Authority to implement additional programs and activities to increase participation in the MTW program and the utilization of this highly valued housing assistance.

The Leasing Success Program consists of the following: 1) Contracting with organizations that have expertise in the rental market, that will assist program applicants and participants with "housing locator services," 2) Contracting with organizations that have substantial experience in shared housing to encourage HCV participation, 3) Creating a landlord incentive program, and 4) Creating a security deposit loan program. To date, HACSM has utilized its' MTW Authority in all of these areas, except the security deposit loan program, as there are other Agencies within the SMC system who are able to provide this assistance.

Impact of the activity

In FY2023, HACSM entered into a new contract agreement with Abode Services to serve new applicants and relocating participants to find and secure rental housing in San Mateo County. With Abode's facilitation of positive relationships with owners of rental properties, they have been able to assist more than 20 families through the course of the year. In FY2023, HACSM has spent approximately \$58,452 for Abode's housing search and counseling services in support of voucher participants. The amount increased significantly because it was taking longer for new applicants and relocating participants to find suitable units due to lack of affordable and suitable housing units. In addition to Abode's work, MTW funds have also been expended as a result of the landlord incentive program. Through an extended stakeholder process with the San Mateo County community, owners, apartment association groups, and political leaders, HACSM developed the following three incentives: 1) Landlord Continuity Bonus, 2) New Landlord \$1,000 Bonus, and 3) Landlord "No Loss" Bonus. In FY2023, 68 new landlords have joined the program, 284 landlords have received the "No Loss Bonus", and 19 Landlords have received a continuity bonus.

Standard HUD Metrics

Changes to the metrics, baselines or benchmarks

HACSM did not make any changes to the baselines or benchmarks during this fiscal year.

Changes to the data collection methodology

Activity #2018-36: Homeless Young Adults with Disability Program

Approved by HUD: FYE2018
Implemented by HACSM: 10/1/2018

Amended:

Description of the activity

In collaborative partnership with the Mental Health Association (MHA), HACSM is providing housing subsidy assistance for up to 20 Support and Advocacy for Young Adults in Transition (SAYAT)-eligible young adults to move from literal homelessness to stable housing and ultimately self-sufficiency.

Through this partnership, HACSM provides housing subsidy assistance to MHA directly referred SAYAT-eligible young adults who are eligible for the voucher program. The youth must be between the ages of 18-25, literally homeless, have an identified disability, and will benefit from the services provided by MHA. The eligible youth, referred to the program, would be the Head of Household and the household may ultimately include additional household members, such as dependent minors, or other adults.

Once referred by MHA, the youth meet with the HACSM case workers to conduct their program eligibility determination, based on HACSM's MTW program design and issued an MTW five-year, time-limited voucher. The SAYAT households are considered part of the HACSM MTW program and subject to all of the rules of the program, including how their subsidy amount is determined. As such, the youth will pay a portion of the contract rent directly to the landlord, based on their income and the HACSM TST activity (See Activity # 2010-9). HACSM administers the housing subsidy assistance.

Upon move in, the youth are invited to join the Self-Sufficiency Program, sign a Contract of Participation, establish goals and are eligible to receive the financial escrow bonus upon successful graduation from the program. During the five-year term of their participation, these youths also receive intensive case management and supportive services from the Mental Health Association on topics ranging from housing location, vocational training, education, employment, health services, and increased independence. MHA also provides support and appropriate interventions on an as-needed basis, as they have through their collaboration with HACSM via the Housing Readiness Program (MTW Activity 2009-2). A successful graduation would mean that the youth no longer requires government assistance (an FSS program

goal), has reached a zero HAP status, or their voucher has timed out and they are not returning to homelessness.

As in the case with the other MTW activities, HACSM has an existing hardship policy. The same hardship policy which can be found in Appendix Four will be offered to SAYAT participants. Additionally, MHA has a history of working with SAYAT youth, to find and secure affordable housing options outside of the voucher program, thus mitigating a potential return to homelessness for the referred individuals.

Impact of the activity

In FY2023, a total of 15 households received rental subsidy under the SAYAT Program. Of that total, 4 households have an active Contract of Participation and received self-sufficiency services.

Standard HUD Metrics

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
	HC #1: Additional Units of Ho	using Made Available		
Number of new housing units made available for households at or below 80% AMI as a result of the activity (increase). If units reach a specific type of household, give that type in this box	In FY2014, Zero (0) new housing units	HACSM expects 5 new housing units each fiscal year	15	Yes

2015 – 34	Local Collections Process	2017

Activity #2000-4: Escrow Accounts

Approved by HUD: FYE 2010 Implemented by HACSM: 7/1/2009

Closed by HACSM: 7/1/2014

Rationale for Closing out the Activity

In FY2015, HACSM combined this activity with Activity #2000-1: MTW Five-Year Self-Sufficiency Program as the two activities are integrally linked.

Activity #2009-5: Expand Usage of PBV at HACSM Developments Undergoing Disposition

Approved by HUD: FYE 2010 Implemented by HACSM: 7/1/2009

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

As of November 2018, HACSM converted all 30 units at El Camino Village, formerly a public housing property, to RAD PBV. With this conversion, HACSM no longer has any Public Housing in its portfolio, thus closed out this activity as of June 30, 2018.

Formerly, the dispo application for Midway Village was approved by HUD in January 2011 and vouchers were issued to all eligible households, 149 vouchers in total, in May 2011. All 150 units at Midway Village are now under a Project-Based HAP contract.'

HACSM does not own or operate any additional properties.

Activity #2010-11: Eliminate Competitive Process for Allocation of PBV to Former Public Housing

Approved by HUD: FYE 2010 Implemented by HACSM: 1/27/2011

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

Since FY2014, when HACSM received HUD approval to expand the scope of this activity to include other housing units owned by HACSM or HACSM affiliates such as the redeveloped Half Moon Village, HACSM has now in FY18 completed the conversion of all formerly public housing properties to PBV. At this time, HACSM does not own or operate any additional properties and thus closed out this activity.

Activity #2010-12: Waive 12 Month Stay Requirement for Residents in Formerly Public Housing Units Converted to PBV

Approved by HUD: FYE 2010 Implemented by HACSM: 5/1/2011

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

As of November 2018, HACSM converted all 30 units at El Camino Village, formerly a public housing property, to RAD PBV. With this conversion, HACSM no longer has any Public Housing in its portfolio, thus closed out this activity as of June 30, 2018.

Formerly, the dispo application for Midway Village was approved by HUD in January 2011 and vouchers were issued to all eligible households, 149 vouchers in total, in May 2011. All 150 units at Midway Village are now under a Project-Based HAP contract.'

HACSM does not own or operate any additional properties.

Activity #2010-13: Accept Lower HAP by Modifying PBV Rules for In-place Residents at former Public Housing Developments

Approved by HUD: FYE 2010 Implemented by HACSM: 5/1/2011

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

As of November 2018, HACSM converted all 30 units at El Camino Village, formerly a public housing property, to RAD PBV. With this conversion, HACSM no longer has any Public Housing in its portfolio, thus closed out this activity as of June 30, 2018.

Formerly, the dispo application for Midway Village was approved by HUD in January 2011 and vouchers were issued to all eligible households, 149 vouchers in total, in May 2011. All 150 units at Midway Village are now under a Project-Based HAP contract.'

HACSM does not own or operate any additional properties.

Activity #2010-14: Establish Flat or Market Rate Policy for Over-income Public Housing Residents at Conversion of Public Housing Units to Project-Based Units

Approved by HUD: FYE 2010 Implemented by HACSM: 5/1/2011

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

As of November 2018, HACSM converted all 30 units at El Camino Village, formerly a public housing property, to RAD PBV. With this conversion, HACSM no longer has any Public Housing in its portfolio, thus closed out this activity as of June 30, 2018.

Formerly, the dispo application for Midway Village was approved by HUD in January 2011 and vouchers were issued to all eligible households, 149 vouchers in total, in May 2011. All 150 units at Midway Village are now under a Project-Based HAP contract.'

HACSM does not own or operate any additional properties.

Activity #2011-18: Eliminate 100% Excluded Income from the Income Calculation Process

Approved by HUD: 7/1/2011 Implemented by HACSM: 7/1/2011

Closed by HACSM: 7/1/2015

Rationale for Closing out the Activity

Effective July 1, 2010, HACSM no longer verifies, counts, or reports income that HUD specifies as 100% excluded from the income calculation process. Examples of 100% excluded income are food stamps, income from minors, and foster care payments. Because this income is excluded from the income calculation process, it does not affect the amount of a family's rental assistance.

With the publication of PIH Notice 2013-4, issued January 28, 2013, the verification and calculation of 100% excluded income is no longer required. Because of this, HACSM closed out this activity effective July 1, 2015.

Activity #2011-19: Eliminate the Requirement to Complete New HAP Contract with Utility Responsibility Changes

Approved by HUD: 7/1/2011 Implemented by HACSM: 7/1/2011

Closed by HACSM: 7/1/2017

Rationale for Closing out the Activity

Since this activity only applied to participants who had a HAP contract in place prior to July 1, 2010 and who did not relocate, this activity has seen minimal to no activity since 2015. Additionally, with the implementation of the TST, participants are responsible for their utilities and are encouraged to seek and secure units that are energy efficient and/or instances where the landlord pays for the utilities. With the TST activity, there are no utility allowances included in the tenants rent portion. Therefore, HACSM has ceased tracking the utility responsibilities and closed out this activity through the FY2018 MTW Plan.

Activity #2011-20: Apply Current Payment Standards at Interim Re-examination

Approved by HUD: 7/1/2010 Implemented by HACSM: 7/1/2010

Closed by HACSM: 7/1/2013

Rationale for Closing out the Activity

HACSM has closed out this activity, as over 98% of program participants are now on the Tiered Subsidy Table (Activity #2010-9) rendering the activity essentially obsolete.

Activity #2012-25: Exclude Asset Income from Calculations for Households with assets under \$50,000

Approved by HUD: FYE 2012 Implemented by HACSM: 7/1/2011

Closed by HACSM: 7/1/2016

Rationale for Closing out the Activity

In FY2017, HACSM combined this activity with Activity #2010-7: Simplify Rent Calculation Process. HACSM made this determination and decision based on the fact that these two activities were closely aligned and with the implementation of the Standard Metrics, the required tracking results were duplicative.

Activity #2013-28: Apply MTW Flexibilities to Public Housing

Approved by HUD: FYE 2013 Implemented by HACSM: 7/1/2012

Closed by HACSM: 6/30/2018

Rationale for Closing out the Activity

As of November 2018, HACSM converted all 30 units at El Camino Village, formerly a public housing property, to RAD PBV. With this

conversion, HACSM no longer has any Public Housing in its portfolio, thus is closed out this activity as of June 30, 2018. HACSM will continue to apply MTW activities that are not in conflict with RAD regulations.

Activity #2015-34: Local Collections Process

Approved by HUD: FYE 2015 Implemented by HACSM: 9/2/2014

Closed by HACSM: 6/30/2017

Rationale for Closing out the Activity

At the conclusion of FY2017, the MTW Office informed HACSM that this activity could not continue to be approved due to lack of MTW Authority.

SECTION V: MTW Sources and Uses of Funds

A. ACTUAL SOURCES AND USES OF MTW FUNDS

i. Actual Sources of MTW Funds in the Plan Year

HACSM has not submitted the unaudited FDS as this date. It is not due yet. So I guess you could state that we will submit both the unaudited and audited FDS.

ii. Actual Uses of MTW Funds in the Plan Year

HACSM has not submitted the unaudited FDS as this date. It is not due yet. So I guess you could state that we will submit both the unaudited and audited FDS.

iii. Describe Actual Use of MTW Single Fund Flexibility

HACSM has provided a thorough narrative of each activity that used only the Single Fund Flexibility in the body of the Report, including the metrics used to track the outcomes of these programs or activities.

B. LOCAL ASSET MANGEMENT PLAN

- i. Did the MTW PHA allocate costs within statute in the Plan Year? Yes
- ii. Did the MTW PHA implement a local asset management plan (LAMP) in the Plan Year? No
- iii. Did the MTW PHA provide a LAMP in the appendix? No
- iv. If the MTW PHA has provided a LAMP in the appendix, please provide a brief update on implementation of the LAMP. Please provide any actual changes (which must be detailed in an approved Annual MTW Plan/Plan amendment) or state that the MTW PHA did not make any changes in the Plan Year. Not applicable

SECTION VI: Administrative

A. Reviews, Audits and Inspections

There have not been any HUD reviews, audits, or physical inspection issues requiring action by HACSM.

FY2022 independent auditor's report is attached as Appendix B. FY2023 independent auditor's report is yet to be completed.

B. Evaluation Results

HACSM has not initiated any PHA-directed evaluations of the MTW demonstration program.

C. MTW Statutory Requirement Certification

Statutory requirement certification is attached as Appendix A.

D. MTW Energy Performance Contract (EPC) Flexibility Data

Not applicable

Appendix A – MTW Statutory Requirement Certification

The Housing Authority of the County of San Mateo certifies that it has met the three statutory requirements of:

- 1. Ensuring that at least 75 percent of the families assisted by the Agency are very low-income families;
- Continuing to assist substantially the same total number of eligible low income families as would have been served had HACSM not participated in the MTW demonstration, and
- Maintaining a comparable mix of households (by family size) served as would have been served had HACSM not participated
 in the MTW demonstration.

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners, Housing Authority of the County of San Mateo Belmont, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of Housing Authority of the County of San Mateo (the "Authority") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of June 30, 2022, and the respective changes in financial position, and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures in
 the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and OPEB Schedules on pages 4-10 and 42-44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, are required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Combining Statement of Net Position, Combining Statement of Revenues, Expenses, and Changes in Net Position and Combining Statement of Cash Flows are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining Statement of Net Position, Combining Statement of Revenues, Expenses, and Changes in Net Position, Combining Statement of Cash Flows and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting data and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining Statement of Net Position, Combining Statement of Revenues, Expenses, and Changes in Net Position, Combining Statement of Cash Flows and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2022 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Harshwal & Company llP

Oakland, California December 27, 2022

Housing Authority of the County of San Mateo (the "Authority") Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's financial position (its ability to address the next and subsequent year challenges), and (d) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the Authority's financial statements (beginning on page 11).

FINANCIAL HIGHLIGHTS

- The Authority's net position increased by \$4.9 million (or 8%) during 2022. Since the Authority engages only in business-type activities, the increase is all in the category of business type net position primarily in the MTW program, EHV program, and SAMCHAI. Net Position was \$66.8 million and \$62.0 million for 2022 and 2021, respectively.
- The business-type activities revenue increased by \$4.0 million (or 3%) during 2022 and was \$135.5 million and \$131.5 million for 2022 and 2021, respectively.
- The total expenses of all the Authority's programs increased by \$7.4 million (or 6.0%). Total expenses were \$130.6 million and \$123.2 million for 2022 and 2021, respectively.

Authority-Wide Financial Statements

The Authority-wide financial statements are designed to be corporate-like in that all business type activities are consolidated into columns which add to a total for the entire Authority.

These Statements include a Statement of Net Position, which is similar to a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equals "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-Current".

The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Position (formerly net assets) are reported in three broad categories:

Net Investment in Capital Assets: This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: Consists of Net Position that do not meet the definition of "Net Investment in Capital Assets" or "Restricted Net Position."

The Authority-wide financial statements also include a Statement of Revenues, Expenses, and Changes in Net Position (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, and grant revenue, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as investment income and interest expense.

Authority-Wide Financial Statements - Cont'd

The focus of the Statement of Revenues, Expenses and Changes in Net Position is the "Change in Net Position", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on Major Funds, rather than fund types. The Authority consists exclusively of Enterprise Funds. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the funds maintained by the Authority are required by the Department of Housing and Urban Development (HUD). Others are segregated to enhance accountability and control.

The Authority's Funds

Business Type Funds

<u>Housing Choice Voucher Program</u> - Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the properties. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at approximately 30% of household income.

Under the umbrella of the Voucher Program the Authority operates the following programs:

- Moving to Work
- Housing Choice Voucher Program
- Family Unification Program (FUP)
- Veterans Affairs Supportive Housing (VASH)
- Rental Assistance Demonstration (RAD)
- Mainstream Program
- Emergency Housing Vouchers Program
- Housing Readiness Program
- Project-Based Program (including Midway Village and El Camino Village which are owned by the Authority's subsidiary)
- Family Self Sufficiency

<u>Midway Village</u> - A project-based voucher family town-house development operated by the Authority in Daly City.

El Camino Village - A project-based voucher family town-house development operated by the Authority in Colma.

Business Activities - represents non-HUD resources developed from a variety of activities.

Business Type Funds - Cont'd

<u>Homeless Programs</u> - The Authority also operates a number of rental subsidy programs in collaboration with the Mental Health Association and other community partners. Funding is provided by the U.S. Department of Housing and Urban Development through its Continuum of Care Programs. These programs target homeless individuals and families who also have disabilities.

AUTHORITY-WIDE STATEMENT

The following table reflects the condensed Statement of Net Position compared to prior year. The Authority is engaged only in Business-Type Activities.

TABLE 1 STATEMENT OF NET POSITION

	Jı	une 30, 2022	June 30, 2021
Current and other assets	\$	26,086,460	\$ 26,301,606
Non-current assets		56,421,078	29,684,639
Capital assets		9,501,590	9,222,425
Deferred outflows of resources		412,813	183,782
Total assets and deferred outflows of resources		92,421,941	65,392,452
Current liabilities		2,224,179	2,012,825
Noncurrent liabilities		2,153,524	1,173,059
Deferred inflows of resources		21,212,719	228,881
Total liabilities and deferred inflows of resources		25,590,422	3,414,765
Net position:			
Net investment in capital assets		8,606,028	9,190,194
Restricted		1,836,507	1,317,838
Unrestricted		56,388,984	51,469,655
Total net position	\$	66,831,519	<u>\$ 61,977,687</u>

For more detailed information, see page 11 for the Statement of Net Position.

Major Factors Affecting the Statement of Net Position (Table 1)

Noncurrent assets increased by \$26.7 million. This increase is primarily related to a \$21.15 million increase in lease receivable noncurrent as a result of the implementation of GASB 87 as well as an increase in Housing Development loans of \$8.4 million, offset by repayments of Housing Development loans of \$3.2 million.

The increase in Noncurrent liabilities of \$1.0 million is primarily due to an increase in Lease liability of \$0.5 million as a result of GASB 87 implementation and an increase in OPEB valuation of \$0.3 million.

Deferred inflows of resources increased \$21 million related to the aforementioned implementation of GASB 87 - Lease.

Restricted net position increased by \$0.5 million due to increase in program HAP funds. Unrestricted net position increased by \$4.9 million primarily in the MTW program of \$3.3 million, SAMCHAI of \$1.0 million, and Local program of \$0.4 million.

Table 2 presents details on the change in Unrestricted Net Position.

TABLE 2

CHANGE OF UNRESTRICTED NET POSITION

Unrestricted net position 6/30/2021	\$	51,469,655
Change in unrestricted net position	_	4,919,329
Unrestricted net position 6/30/2022	<u>\$</u>	56,388,984

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on unrestricted net position.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in unrestricted net position provides a clearer change in financial well-being.

TABLE 3 STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in Business-Type Activities.

	June 30, 2022	June 30, 2021
Revenues		
Rental revenue - tenants	\$ 4,002,335	\$ 3,961,058
HUD PHA grants	129,328,147	126,425,278
Interest income, net	741,903	310,568
Other operating revenue	2,309,596	1,162,727
Investment loss	<u>(873,913</u>)	(389,924)
Total revenues	135,508,068	131,469,707
Expenses		
Administrative	6,654,174	6,469,229
Tenant service	965,348	597,122
Utilities	267,466	247,823
Ordinary maintenance and operations	1,319,034	1,100,297
General expenses	5,193,979	3,144,429
Depreciation	993,651	601,279
Housing Assistance Payments	<u>115,260,584</u>	<u>111,081,264</u>
Total expenses	130,654,236	123,241,443
Change in net position	<u>\$ 4,853,832</u>	<u>\$ 8,228,264</u>

Major Factors Affecting the Statement of Revenues, Expenses and Changes in Net Position (Table 3)

HUD PHA grants increased by \$2.9 million due to a new Emergency Housing Voucher program of \$2.7 million, increases in Mainstream program by \$2.1 million, increases in Housing Choice Voucher program VASH by \$1.4 million, offset by the sunset of the CARES program \$1.3 million decrease and a decrease in the MTW program of \$2.0 million. Other operating revenue increased by \$1.6 million primarily due to Port In revenue from other Housing Authorities. Nonoperating expenses increased by \$0.5 million due to Unrealized Fair Value loss.

Tenant Services expenses increased by \$0.4 million due to the Emergency Housing Voucher program's new category of expenses. General expenses increased by \$2.0 million primarily due to Port In HAP expenses of \$1.3 million and Provider Based Subsidy of \$0.4 million. Housing Assistance Payments increased by \$4.2 million due to the new Emergency Housing Voucher program of \$1.6 million, increases in Mainstream program by \$2.1 million, increases in Housing Choice voucher program VASH \$1.2 million, offset by decreases in the MTW program of \$1.0 million.

TABLE 4 COMPARISON OF BUDGET TO ACTUAL

The following schedule compares the revenues and expenses for the current fiscal year to budget.

	June 30, 2022	Budget
Revenues		
Rental revenue - tenants	\$ 4,002,335	\$ 4,075,500
HUD PHA grants	129,328,147	125,780,000
Other operating revenue	2,309,596	999,375
Interest income, net	741,903	322,600
Investment income (loss)	(873,913)	190,000
Total revenues	135,508,068	131,367,475
Expenses		
Administrative	6,654,174	6,411,510
Tenant service	965,348	574,800
Utilities	267,466	260,750
Ordinary maintenance and operations	1,319,034	1,116,930
General expenses	5,193,979	3,552,850
Depreciation	993,651	601,569
Housing Assistance Payments	115,260,584	112,950,500
Total expenses	130,654,236	125,468,909
Net increase	<u>\$ 4,853,832</u>	\$ 5,898,566

Major Factors Affecting the Budget to Actual Variance

HUD PHA grants are more than the budget of \$3.5 million due to increased funding for the new Emergency Housing Voucher grant for HAP and Administrative and Service Fees as well as increased Mainstream and VASH funding. Other Operating Revenue increased by \$1.7 million primarily due to unanticipated Port In revenue from other Housing Authorities. The investment income budget anticipated income while the actual Unrealized Fair Value was a significant loss, a difference of \$1.1 million.

Tenant Services expense is more than the budget of \$0.4 million due to the new unanticipated Emergency Housing Voucher program's new category of expense. General Expenses are more than budget by \$1.6 million due to unanticipated Port In expenses. Housing Assistance Payments are more than budget by \$2.3 million due to increases in Mainstream, Emergency Housing Vouchers and VASH program expenses with decreased Port Out expenditures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of fiscal year ended June 30, 2022, the Authority had \$9.50 million invested in a variety of capital assets as reflected in the following table, which represents a net decrease of approximately \$(0.28) million from the end of previous fiscal year.

TABLE 5
CAPITAL ASSETS AT YEAR-END

	J	une 30, 2022	J	une 30, 2021
Land and land rights	\$	5,970,060	\$	5,970,060
Buildings and improvements		23,617,354		23,617,354
Furniture and equipment		1,346,403		1,346,403
Right to use leased assets		1,272,816		-
Less: Accumulated depreciation		(22,274,638)		(21,711,392)
Less: Accumulated amortization	_	(430,405)	_	<u>-</u>
Total	\$	9,501,590	\$	9,222,425

The following reconciliation summarizes the change in capital assets, which is presented in detail on page 28 of notes to the financial statements.

TABLE 6 CHANGE IN CAPITAL ASSETS

Beginning balance	\$ 9,222,425
GASB 87 adjustment	1,272,816
Depreciation	(563,246)
Amortization	 <u>(430,405</u>)
Total	\$ 9,501,590

There is no addition during the year ended June 30, 2022.

Debt Outstanding

As of year-end, the Authority had \$0.9 million in debt outstanding compared to \$1.3 million last year, a decrease of \$0.4 million.

TABLE 7

OUTSTANDING DEBT, AT YEAR-END

	<u>Jur</u>	ne 30, 2022	June 3	30, 2021, restated
Mortgage loan	\$	31,336	\$	32,232
Lease liability		864,226	-	1,272,816
Total	\$	895,562	\$	1,305,048

ECONOMIC FACTORS

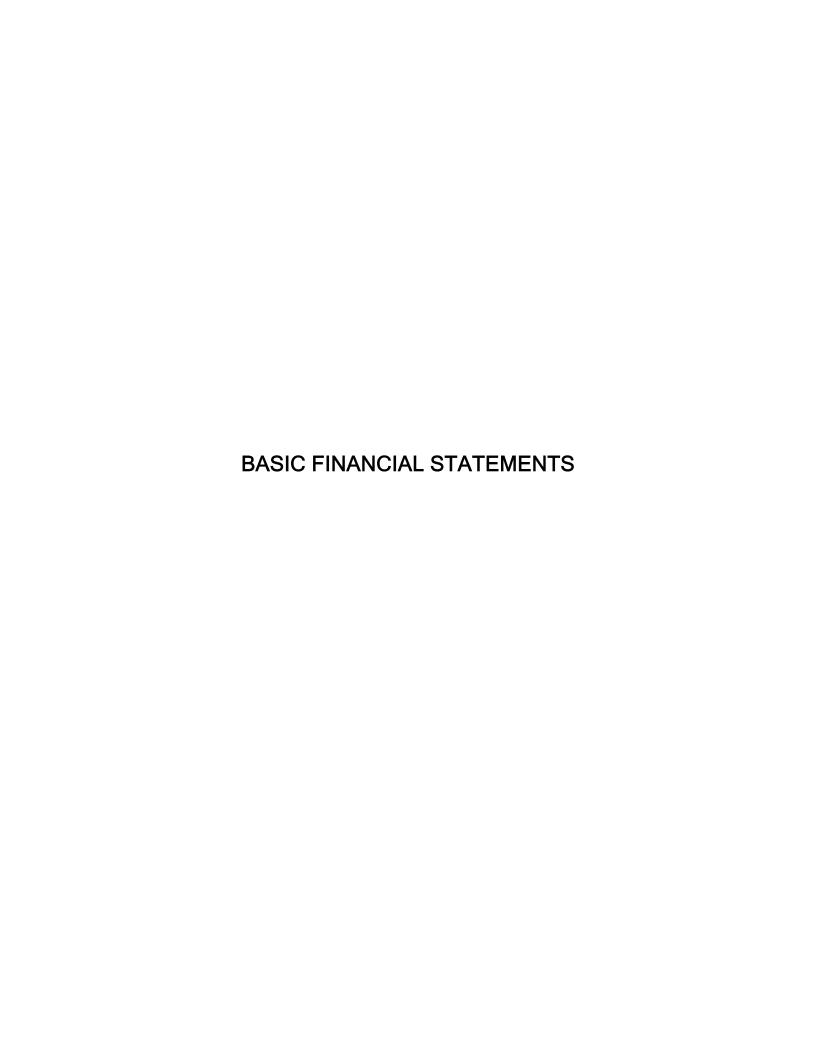

Significant economic factors affecting the Authority are as follows:

- Federal funding of the Department of Housing and Urban Development.
- Local labor supply and demand, which can affect salary and wage rates.
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income and required HAP subsidies.
- Inflationary pressure on utility rates, supplies and other costs.
- Supply of affordable housing.

FINANCIAL CONTACT

The individual to be contacted regarding this report is Ms. Barbara Leff, Financial Services Manager, Department of Housing, at 650-802-3355. Specific requests may be submitted to:

Housing Authority of the County of San Mateo, 264 Harbor Blvd., Bldg. A, Belmont, CA 94002.

Tenant security deposit	16,417
Net OPEB liability	43,272
Other noncurrent assets	 <u>361,763</u>
Net cash provided by operating activities	\$ 4,727,459

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Housing Authority of the County of San Mateo (the "Authority") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to Government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity

The Authority was established pursuant to the State Health and Safety Code by the County Board of Supervisors on March 08, 1941 to provide housing assistance to low and moderate income families at rents they can afford. Eligibility is determined by family composition and income in areas served by the Authority. To accomplish this purpose, the Authority has entered into Annual Contributions Contracts with the U.S. Department of Housing and Urban Development (HUD) to operate assisted housing programs.

The Board of Supervisors of the County of San Mateo has oversight responsibility for the Authority and in a separate capacity is also the Board of Commissioners of the Authority. As a legally separate agency, the Authority has its own employees and maintains separate accounting records from those of the County and for purposes of these financial statements is considered to be a component unit of the County. However, these financial statements may be included with those of the County and, as directed by the Board of Commissioners, all funds are deposited with the Treasurer of the County of San Mateo and checks are issued by the Authority for landlord payments of expenses.

The U.S. Department of Housing and Urban Development requires that funds of programs subject to annual contributions contracts be invested in accordance with federal regulations. It has been the practice of the County to maintain all such funds in a non-interest-bearing account as part of the compensating balance arrangement with the bank. The County then pays to the authority, interest based on the interest earned on funds deposited with it on a pro-rata basis.

The Authority has one component unit in accordance with statement No. 61 Government Accounting Standards Board ("GASB"). The Authority's financial statements include those of San Mateo County Housing Authority, Inc. (SAMCHAI). SAMCHAI is a blended component unit that meets both of the following criteria under GASB 61.

- 1. The Authority and SAMCHAI have substantively the same governing body.
- 2. Management of the Authority has operational responsibility for the activities of SAMCHAI.

B. Basis of Presentation and Accounting

The statement of position presents the Housing Authority of the County of San Mateo's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position is reported in three categories.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.
- Restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.
- Unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Operating Programs

The Authority maintains its accounting records by program and operates the following programs:

Federal Programs

The Authority has contracted with HUD (Contract No. S.F. 480) to provide rent subsidy payments on behalf of low and moderate-income families pursuant to the United States Housing Act of 1937 and the Department of Housing and Urban Development Act.

HUD makes annual contributions to voucher programs for housing assistance payments on behalf of the families. Included in this annual contribution is an allowance for administrative costs. Under this program, tenants lease directly with private owners after being certified as eligible under program guidelines. Tenants make payments directly to owners and the Authority makes monthly subsidy payments to the owners. Programs included in this annual contribution are as follows:

- 1. Moving to Work (MTW) 4,309 units funded.
- 2. Family Unification Program (FUP) 40 units funded.
- 3. Veterans Affairs Supportive Housing (VASH) 436 units funded.
- 4. Rental Assistance Demonstration (RAD) 30 units funded.
- 5. Mainstream Program 251 units funded.
- 6. Emergency Housing Voucher Program 222 units funded.

<u>Moving to Work (MTW)</u> - is a program that allows housing authorities to design and test innovative approaches in assisted housing. The purpose of the Authority's demonstration program is to provide incentives to families to become economically self-sufficient, to reduce the Authority's costs and achieve greater cost effectiveness, and to increase housing choice for low-income families. The Authority is among the 24 housing authorities initially chosen to carry out this demonstration program.

On June 18, 2010, HUD granted approval of an amendment to its MTW Agreement with the Authority whereby the entire Housing Choice Voucher program, was converted into the MTW program. Accordingly, HCV activity such as housing assistance payment (HAP) and Family Self Sufficiency is reported in the MTW program and not in the HCV program.

At the core of the Authority's demonstration program is the limitation of Section 8 assistance to a maximum of 5 years. With the help of support services, individual family self-sufficiency plans, and incentives to remain employed due to different methods of rent calculation, the families will earn more escrow credit and will be off public assistance and become economically independent.

Section 8 Housing Choice Vouchers (HCV) - includes Family Unification Program (FUP), Mainstream, Rental Assistance Demonstration (RAD) and Veterans Affairs Supportive Housing (VASH). FUP vouchers assist families where children are separated from the family, or under threat of imminent separation, and youths ages 18-21 who left foster care at age 16 or older to lease decent, safe and sanitary housing in the private housing market. Rental Assistance Demonstration (RAD) converted public housing El Camino Village to long-term, project-based Section 9 rental assistance to preserve and improve properties and to address immediate and long-term capital needs. VASH provides rental assistance for homeless veterans with case management and clinical services provided by the Department of Veterans Affairs at its medical centers and in the community. The Mainstream program provides rental assistance to households with at least one disabled member who is between 18 and 62 years of age at program admission.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Operating Programs (Cont'd)

CARES Act Funding -

In response to the COVID-19 pandemic, the Housing Authority received \$1,021,334 in FY 2020 and \$1,292,109 in FY 2021 for a total of \$2,313,443 for the Moving to Work program, and \$3,594 in FY 2020 and \$18,373 in FY 2021 for a total of \$21,967 for the Mainstream program. While these amounts are included in the total federal financial assistance for each of these programs, HUD requires that these funds be tracked separately as they will not be considered earned until expended and accordingly will be due back to HUD if they are not expended by December 31, 2021. As of December 31, 2021, the Authority fully expended the CARES Act funding.

<u>Emergency Housing Vouchers (EHVs)</u> -The American Rescue Plan Act of 2021 provided relief to address the continued impact of the COVID-19 pandemic on the economy, public health, State and local governments, individuals, and businesses. These EHVs are to assist individuals and families who are experiencing homelessness; at risk of experiencing homelessness; fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking; or were recently homeless and for whom providing rental assistance will prevent the family's homelessness or having high risk of housing instability.

The Authority was awarded an additional 222 vouchers effective July 01, 2021 as well as associated Preliminary fees, Service fees and Administrative fees.

<u>Continuum of Care</u> - The Authority has contracted with HUD to provide assistance to homeless persons with disabilities in the transition from homelessness and to promote independent living. Under this program, the Authority rents 321 units to qualified persons governed in five contracts.

SAMCHAI

On May 11, 2010, the Authority established San Mateo County Housing Authority, Inc. (SAMCHAI), a not-for-profit affiliate for the purpose of purchasing the Midway Village improvements (35 buildings with 150 housing units). On March 29, 2013, the Board of Commissioners approved a resolution that will enable the Authority to sell the improvements to SAMCHAI for \$1, lease the property land to SAMCHAI for \$1 per annum and execute the Management Agreement between the Authority and SAMCHAI, which pays a property management fee to the Authority of 6% of each month's gross receipts as the sum of all tenant receipts plus the sum of all Housing Assistance Payment from the Authority.

Effective December 01, 2017, the Authority converted the 30 units of El Camino Village through the Rental Assistance Demonstration Program (RAD) from public housing units into project-based voucher units under the ownership of SAMCHAI.

Local Programs

These account for the local fund programs and funds administered by the Authority which are not funded by HUD.

D. Fund Accounting

The basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Fund Accounting (Cont'd)

The Authority applies all applicable GASB pronouncements in accounting and reporting for its proprietary operations as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure.

The accounting records of the Authority are organized on the basis of funds classified for reporting purposes as follows:

Enterprise Funds

All of the funds of the Authority are considered Enterprise Funds. Enterprise funds are used to account for operations (a) that are financed primarily through user charges, or (b) where the governing body has decided that the determination of net income is appropriate.

E. Measurement Focus and Basis of Accounting

The proprietary fund types are accounted for on an "income determination" or "cost of services" measurement focus. Accordingly, all assets and liabilities are included on the balance sheet, and the reported fund equity provides an indication of the historical net worth of the fund. Operating statements for proprietary fund types report increases (revenues) and decreases (expenses) in total historical net worth.

Proprietary funds use the accrual basis of accounting, i.e., revenues are recognized in the period earned and expenses are recognized in the period incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing goods and services related to the fund's ongoing operations. The principal operating revenues of the Authority's enterprise funds are dwelling rental income and HUD PHA grants. Operating expenses include the cost of services provided, administrative expenses and depreciation on fixed assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

F. Capital Assets

Capital assets, which include property and equipment, are reported in the applicable business-type activities columns in the government-wide financial statements. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Intangible Capital Assets: The Authority has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Capital Assets (Cont'd)

Capital assets are depreciated and amortized using the straight-line method over the following estimated useful lives:

Assets	Years
Furniture and equipment	3
Vehicles	5
Building improvements	10
Buildings	30
Right-to-use assets - lease	Lease term

G. Other Noncurrent Assets

Other noncurrent assets include uncollected rent payments before GASB 87 implementation, interest, and principal related to the ground lease.

H. Lease Receivable

Lease receivable is measured at the present value of lease payments expected to be received during the lease term. (See Note 6 Lease Receivable for further information.)

I. Accounts Receivable

Receivables are principally amounts due from tenants and other public housing agencies. Allowance for doubtful accounts totaling \$455,883 as of June 30, 2022, have been established and any delinquent and uncollected receivables will be sent to a collection agency to determine the likelihood of the recoverability.

J. Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

K. Lease Liabilities

On July 1, 2021, the Authority adopted GASB 87 - Leases and adopted the changes to conform to the provisions of GASB 87 Implementation Guide. Lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at commencement date. The Authority has lease primarily for office space and vehicles. The lease liability is measured at the present value of the remaining lease payments, using a discount rate based on the rate implicit in the lease, if readily determinable. Otherwise, the authority uses its incremental borrowing rate at commencement date to determine the present value of future payments.

L. Accrued Compensated Absences

Accrued compensated absences include the value of annual leave and medical leave should employees retire. By policy, employees may accrue up to an amount equal to fifty-two bi-weekly pay periods. At retirement union employees may convert eight hours of unused sick leave towards the cost of medical premiums. At June 30, 2022, the monthly value was \$165 for the first 384 hours accrued and \$200 for all hours accrued over 384. Management and confidential staff convert eight hours of sick leave into one month of full medical benefits. Accumulated vacation, administrative leave and floating holiday benefits are recorded as liabilities of the Authority.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

As of June 30, 2022, the total liability for the Authority is \$656,107 based on year-end hourly rates. Of this amount, the current portion is \$419,203 and the long-term portion is \$236,904.

As per the Authority policies, the current portion is equal to one-year accrual and the noncurrent portion is equal to any accruals greater than one year.

M. Deferred Outflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and thus, will not be recognized as an outflow of resources until then. The Authority's balance of deferred outflows of resources relates to funding of other post-employment benefits.

N. Deferred Inflows of Resources

In addition to liabilities, the statement of net position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and thus, will not be recognized as an inflow of resources until then. The Authority's balance of deferred inflows of resources relates to funding of the other post-employment benefits and leases due to GASB 87 implementation. Deferred inflow of resources related to leases is measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relates to future periods.

O. Net Position

Net position consists of net investment in capital assets, restricted net position, and unrestricted net position. Restricted net position includes the accumulation of contributions in the form of cash or other assets which generally do not have to be returned to the contributor. These funds are restricted by HUD as to use and must be approved before expending. Unrestricted portion of net position are designated for use for program expenditures in future periods.

P. Cash

In accordance with GASB Statement No. 40 Deposit and Investment Disclosures (Amendment of GASB No. 3), certain disclosure requirements, if applicable, for Deposits and Investment Risk are in the following areas:

- Interest Rate Risk
- Credit Risk
 - o Overall
 - o Custodial Credit Risk
 - o Concentrations of Credit Risk
- Foreign Currency Risk

In addition, other disclosures are specified including use of certain methods to present deposits and investments, highly sensitive investments, credit quality at year-end and other disclosures.

Q. Taxes

The Authority is exempt from federal and state income taxes. The Authority is also exempt from property taxes but makes payments in lieu of taxes on owned housing.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

R. Effects of New Governmental Accounting Standards

The GASB has issued several new accounting pronouncements, which are effective for the Authority during the year. The following are new GASB pronouncements adopted by the Authority for the fiscal year 2022:

GASB Statement No. 87, Leases

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period

GASB Statement No. 92, Omnibus 2020

GASB Statement No. 93, Replacement of Interbank Offered Rates

GASB Statement No. 97, Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-An Amendment of GASB Statements No. 14 and 84, and a Supersession of GASB Statement No. 32.

Except GASB 87, the Authority had no reportable impacts for the fiscal year 2022. The provisions of GASB 87 have been implemented on July 1, 2021. GASB Statement No. 87 requires that government lessees recognize a lease liability and intangible assets representing the lessee's right to use the leased asset and report in its financial statements amortization expense for using the lease asset for the shorter of the lease term or the useful life of the underlying asset, interest expense on the lease liability and note disclosures about the lease. The Statement also requires government lessors to recognize a lease receivable and a deferred inflow of resources and continue to report the leased asset in its financial statements. The revenue, recognized over the term of the lease, corresponding with the reduction of the deferred inflow, interest income on the receivable and note disclosures about the lease must also be included in the financial statements.

NOTE 2 - PAYMENT IN LIEU OF TAXES

In connection with the Conventional Housing Program, the Authority is obligated to make annual payments in lieu of property taxes based on the lesser of assessable value of owned housing times the current tax rate or 10% of the dwelling rents net of utilities expense. At June 30, 2022, \$38,850 has accrued for payment in lieu of taxes. This amount is included in accrued liabilities in the financial statements.

NOTE 3 - NOTES RECEIVABLE

The Authority loaned \$150,000 to Almaza Tannous, a developer, to finance the rehabilitation, reconstruction, and improvement of a property located in San Mateo known as the Darcy Building, as part of a program of the Authority to assist low-income persons to lease residential units. The interest rate on this note is 3% per annum and is secured by a Deed of Trust. Interest began accruing on October 01, 2004. Monthly interest payments began on August 01, 2005 and monthly principal and interest payments of \$633 began on January 01, 2006. The note is due on December 31, 2035.

Outstanding balance at June 30, 2022 was:

\$ 84,005

On August 24, 2010, the Authority entered into a loan agreement with MidPen Housing Corporation (the Corporation). The Authority agreed to disburse \$200,000 to support the Corporation's Half Moon Bay Senior Campus (HMBSC) project (the Project). The loan amount was increased to \$425,000 on June 21, 2011 for costs associated with water connections at the HMBSC. The loan agreement was amended on May 18, 2012. The loan amount was increased to \$4,425,000 for costs associated with predevelopment, development and modification activities at the HMBSC.

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing on the first day of the first month following the issuance of the Certificate of Occupancy, Notice of Completion, or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the aforementioned completion documents for the Project.

Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

1,147,553

On April 14, 2015, the Authority entered into a loan agreement with MP Westlake Associates L.P (the borrower). The Authority agreed to disburse \$2,500,000 to support the borrower's 6800 Mission Street project (the Project).

No interest will accrue on the loan until project completion. The loan bears 3% simple interest per annum. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the aforementioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

2,283,498

NOTE 3 - NOTES RECEIVABLE (CONT'D)

On December 20, 2017, the Authority entered into a loan agreement with Mercy Housing California 66, L.P (the borrower). The Authority amended and restated in their entirety two promissory notes previously executed for \$500,000 dated May 11, 2015 and for \$1,500,000 dated May 18, 2016, along with an additional \$1,303,533 as of December 20, 2017, totaling the value of the promissory note at \$3,303,533.

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing on the first day of the first month following the issuance of the Certificate of Occupancy, Notice of Completion, or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the aforementioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project's completion.

Outstanding balance at June 30, 2022 was:

3,567,816

On November 25, 2015, the Authority entered into a loan agreement with MP-CANDO University Ave Senior Housing (the borrower). The Authority agreed to disburse \$1,000,000 to support the borrower's University Avenue Senior Housing Authority project in East Palo Alto (the Project).

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing upon the issuance of the Certificate of Occupancy, Notice of Completion, or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the afore-mentioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project's completion.

Outstanding balance at June 30, 2022 was:

956,643

On July 26, 2016, the Authority entered into a loan agreement with MP 168 Pacific, LLC (the borrower). The Authority agreed to disburse \$1,420,000 to support the borrower's project to acquire and rehab an apartment building located at 168 Pacific Avenue in Pacifica, California.

No interest will accrue on the loan until project completion. The loan bears 3% simple interest per annum which commenced on May 14, 2018. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project's completion.

Outstanding balance at June 30, 2022 was:

1,595,843

NOTE 3 - NOTES RECEIVABLE (CONT'D)

On November 21, 2016, the Authority entered into a loan agreement with Habitat for Humanity Greater San Francisco, Inc. (the borrower). The Authority agreed to disburse \$500,000 to support the borrower's project to acquire the property located at 612 Jefferson Avenue in Redwood City as a site upon which to build 20 new affordable home ownership condominium units for families who earn low incomes and are first time home buyers.

No interest will accrue on the loan. All payments will be deferred, and the outstanding balance will be forgiven in five equal (\$100,000) installments over the last five years of the term of the loan (years 26-30).

Outstanding balance at June 30, 2022 was:

500,000

On April 7, 2020, the Authority entered into a loan agreement with Habitat for Humanity Greater San Francisco, Inc. (the borrower). The Authority agreed to disburse \$500,000 to support the borrower's project to develop the property located at 612 Jefferson Avenue in Redwood City to build 20 new affordable home ownership condominium units for families who earn low incomes and are first time home buyers.

No interest will accrue on the loan. All payments will be deferred, and the outstanding balance will be forgiven in five equal (\$100,000) installments over the last five years of the term of the loan (years 41-45).

Outstanding balance at June 30, 2022 was:

500,000

On March 30, 2017, the Authority entered into a loan agreement with the Mental Health Association of San Mateo County (the borrower). The Authority agreed to disburse \$150,000 to support the borrower's construction of Waverly Place located at 105 5th Avenue in Redwood City.

No interest will accrue on the loan. The term of this note shall be from execution and shall mature 55 years from the date of the issuance of the Notice of Completion for the Project. Payment in full on the loan will be due at note maturity.

Outstanding balance at June 30, 2022 was:

150,000

On August 8, 2017, the Authority entered into a loan agreement with 2821 ECR, LLC (the borrower). The Authority agreed to disburse \$876,467 to support the borrower's construction of 2821 El Camino Real located in the unincorporated area of San Mateo.

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing upon April 19, 2021. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the aforementioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project's completion.

Outstanding balance at June 30, 2022 was:

907,947

NOTE 3 - NOTES RECEIVABLE (CONT'D)

On September 1, 2017, the Authority entered into a loan agreement with MidPen Housing Corporation (the borrower). The Authority agreed to disburse \$250,000 to support the borrower's work associated with predevelopment activities for the construction of the Gateway Family Housing project located at 1317-1385 Willow Road in Menlo Park (the project).

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing upon the issuance of the Notice of Completion or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the afore-mentioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

250,000

On June 18, 2018, the Authority entered into a loan agreement with MidPen Housing Corporation (the borrower). The Authority agreed to disburse \$1,700,000 to support the borrower's work associated with predevelopment activities for construction of the Bayshore Redevelopment project. On October 31, 2020 the loan agreement was amended to increase the loan by \$200,000 to \$1,700,000. During 2021, the Authority disbursed \$199,488 to the borrower.

The term for this agreement expires on June 24, 2024. In the event the borrower and the Authority elect to move forward at the end of the term, the current predevelopment loan shall be combined with any other financial assistance provided by the Authority.

Outstanding balance at June 30, 2022 was:

1,249,352

On October 18, 2019, the Authority entered into a loan agreement with ROEM Development Corporation (the borrower). The Authority agreed to disburse \$7,000,000 to support the borrower's work associated with predevelopment activities for construction of the 353 Main Street Apartment project.

The term for this agreement expires December 31, 2024. In the event the borrower and the Authority elect to move forward at the end of the term, the current predevelopment loan shall be combined with any other financial assistance provided by the Authority.

Outstanding balance at June 30, 2022 was:

7,000,000

NOTE 3 - NOTES RECEIVABLE (CONT'D)

On January 22, 2021, the Authority entered into a loan agreement with Midway Associates 2 L.P. - Bayshore - Garage (the borrower).

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing upon the issuance of the Notice of Completion or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project operation, which begins on the first day of the month after receipt of the aforementioned completion documents for the Project. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

7,287,580

On May 19, 2020, the Authority entered into a loan agreement with Mercy Housing California 96, L.P. (the borrower). The Authority agreed to disburse \$1,930,000 to support the borrower's costs associated with predevelopment activities for the development of 179 new affordable, multifamily rental units at 2700 Middlefield Road in Redwood City, known as the Middlefield Junction project. During 2021, the Authority disbursed \$1,930,000 to the borrower.

On July 28, 2021, the loan agreement was amended to increase the loan by \$1,292,150 to \$3,222,150. During 2022, the Authority disbursed \$1,071,968 to the borrower.

No interest shall accrue on this loan. Payment in full on the loan will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

3,001,968

On July 16, 2020, the Authority entered into a loan agreement with MP Firehouse Square Associates, L.P. (the borrower). The Authority agreed to disburse \$2,500,000 for the construction of the Firehouse Square project of 66 units of new affordable housing located at 1300 El Camino Real in Belmont. During 2021 the Authority disbursed \$2,500,000 to the borrower.

No interest will accrue on the loan until project completion. The loan will bear 3% simple interest per annum commencing upon the issuance of the Notice of Completion or some other document evidencing completion accepted by the Authority. Annual payments on the loan will be made from the Project's Residual Receipts which begin the first day of the first month after the Project receives a Certificate of Occupancy. Payment in full on the loan, including any accrued interest, will be due and payable no later than 55 years of the Project completion.

Outstanding balance at June 30, 2022 was:

2,500,000

Total Notes Receivable at June 30, 2022:

32,982,205

Less: Current portion

(5,146)

Net Long-term Notes Receivable

\$ 32,977,059

NOTE 4 - INTERFUND BALANCES

During the course of operation, numerous transactions occur between the individual programs of the Authority for goods provided and services rendered. The receivables and payables balances at June 30, 2022, between the various funds of the Authority are as follows:

	Re	<u>eceivables</u>	 Payables
Local fund	\$	948,000	\$ 2,542
Continuum of care		2,542	 948,000
	\$	950,542	\$ 950,542

NOTE 5 - CAPITAL ASSETS

Capital asset activities for the year ended June 30, 2022 were as follows:

Tangible capital appate not being depreciated.		Balance at June 30, 2021	Increases	Balance at June 30, 2022	
Tangible capital assets not being depreciated: Land and land rights		\$ 5,970,060	\$ -	\$ 5,970,060

Depreciation expense for the year ended June 30, 2022 was \$563,246. Amortization expense for the year ended June 30, 2022 was \$430,405.

NOTE 6 - LEASE RECEIVABLE (GROUND LEASE)

The Authority (lessor) entered into a Ground Lease Agreement with Half Moon Village II Associates, L.P. (lessee) as of May 01, 2017. Commencing upon the commencement date and thereafter annually, the lessee shall pay the lessor a base rental in the amount of \$589,500, payable from residual receipts. The lease shall be for a period of 99 years. As an interest rate implicit in Authority's leases is not readily determinable, the Authority uses the County of San Mateo's incremental borrowing rate to measure its lease receivable. Lease revenue and lease interest income for the year ended June 30, 2022, were 226,226 and 531,632, respectively. The following is a schedule of lease receivable balances and deferred inflows at June 30, 2022:

	Leas	e	Lease			
	Rece	eivable	Receivable			
	Curr	ent	Noncurrent	Deferred		
	Porti	on	Portion	Inflows		
Ground lease	\$	59,315	\$ 21,148,086	\$ 21,039,043		

Minimum lease payments receivable are as follows:

Year(s) ending June 30	Lea	ase Principal	Le	ease Interest	_	Total
2023	\$	59,315	\$	530,185	\$	589,500
2024		60,798		528,702		589,500
2025		62,318		527,182		589,500
2026		63,876		525,624		589,500
2027		65,473		524,027		589,500
2028-2032		352,749		2,594,751		2,947,500
2033-2037		399,103		2,548,397		2,947,500
2038-2042		451,549		2,495,951		2,947,500
2043-2047		510,886		2,436,614		2,947,500
2048-2115		<u> 19,181,334</u>		20,904,666	_	40,086,000
	\$	21,207,401	\$	33,616,099	<u>\$</u>	54,823,500

NOTE 7 - NOTES AND MORTGAGES PAYABLE

The following is a schedule of changes in notes and mortgages payable for the year ended June 30, 2022:

	Ва	lance at						В	alance at	I	Due within
<u>Lender</u>	June	30, 2021		Additions		Redu	uctions	Jun	ne 30, 2022		one year
California Housing			_				,				
Finance Agency	<u>\$</u>	32,232	<u>\$</u>		_	<u>\$</u>	<u>(895</u>)	<u>\$</u>	<u>31,337</u>	<u>\$</u>	<u>895</u>

The Authority is obligated on a reimbursement note dated May 20, 2002, secured by a deed of trust, in the amount of \$49,243 payable to the California Housing Finance Agency. This note is non-interest bearing. The note is over a 55 year term, over which the Authority is to recognize a fraction thereof of revenues for its compliance with the terms and conditions of the note. At June 30, 2022, the remaining balance of the loan was \$31,337.

NOTE 8 - RELATED PARTY

The Department of Housing (DoH) was created to address the housing needs of the County of San Mateo. DoH consists of two distinct entities, Housing and Community Development (HCD) and the Housing Authority of the County of San Mateo (HACSM). The HCD unit utilizes County record keeping, accounting and payroll systems while HACSM maintains its own separate record keeping, accounting and payroll systems. While the two units are separate, some staff have oversight or responsibilities that are shared by the department, consequently their salaries and benefits are charged proportionately to the other unit.

The following HCD employees are partially billed to HACSM: Department Director, Deputy Director, Management Analyst, Project Coordinator and Payroll Specialist. The following HACSM employees are partially billed to HCD: Financial Services Manager, and Receptionist. Additionally, some office costs are shared between the two units such as Information Technology, copier leases, services and office supplies.

During the fiscal year ended June 30, 2022, HACSM billed HCD \$196,324 for shared costs and HCD billed HACSM \$952,274 for shared costs.

NOTE 9 - CONTRIBUTION RETIREMENT PLAN

The Authority participates in a defined contribution retirement plan administered by the Variable Annuity Life Insurance Company (VALIC). All employees of the Authority with more than 6 months of service participate in the plan. Monthly contributions made by the Authority and regular employees are as follows:

	% of Gross Salaries		
Year of Services	Employees	Authority	
Over 6 months	4.5 %	9.5 %	
Over 5 years	3.5 %	10.5 %	
Over 10 years	2.5 %	11.5 %	
Over 15 years	2.0 %	12.0 %	

For the management, the Authority contributed 14% of the gross salary monthly. There is no contribution from the management employees. The plan had 51 active participants as of June 30, 2022. Employer contributions are vested 20% for each year of service of the individual employee until the employee becomes fully vested after five years. During the fiscal year ended June 30, 2022, the Authority has recognized pension expense of \$502,544.

There is no past service payment obligation of the Authority. This plan provides an individual account for each participant. The Authority is required to deposit an amount as set forth in the plan to employee accounts. The amount that a participant will receive depends solely on the amount contributed to the participant's account plus earnings from investments of those contributions.

NOTE 10 - RIGHT TO USE LEASE LIABILITIES

The Authority has entered into agreements to lease office buildings and vehicles. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

1) Office Buildings: The Authority and Housing and Community Development Agency have been leasing and sharing office space (85% and 15%, respectively) in Belmont, California since 1993 in a County of San Mateo leased facility. For the year ended June 30, 2022, the Authority paid a total of \$446,165 in rent. A new lease was entered into on July 01, 2014 with an expiration date of June 30, 2024 and a monthly base rent of \$33,068 subject to adjustment of 103% annually.

The lease liability was measured at the Authority's incremental borrowing rate. Variable payments based on the future performance of the lessee or usage of the underlying asset are not included in the measurement of the lease liability. These variable payments include insurance, taxes, and other common area operating costs and are recognized as an expense in the period in which the obligation for those payments is incurred. Any components of those variable payments that are fixed in substance are included in the measurement of the lease liability. The lease agreement neither has variable payments that are fixed in substance nor provides residual value guarantees.

2) Vehicles: These agreements were executed in June 2019, to lease vehicles and require 48 monthly payments of \$1,693. There are no variable payment components of the lease. The lease liability is measured using at a discount rate implicit in the lease agreement."

Change in right-to-use lease liability for the year ended June 30, 2022, is summarized as follows:

	Balan June 30			djustments ue to GASB 87	Balance at June 30, 21, restated	 Decreases	_	Balance at ne 30, 2022
Right-to-use lease liability - vehicles Right-to-use lease liability -	\$	-	\$	36,800	\$ 36,800	\$ (17,596)	\$	19,204
buildings			_	1,236,016	1,236,016	 (390,994)		845,022
Total	\$		\$	1,272,816	\$ 1,272,816	\$ (408,590)	\$	864,226

The future minimum payments schedule at year end, was as follows:

	<u>Buildings</u>							<u>\</u>	<u>/ehicles</u>		
Year ending June 30		Principal		nterest		Total	F	Principal		Interest	Total
2023 2024	\$	410,832 434,190	\$	8,175 2,918	\$	419,007 437,108	\$	19,204 -	\$	1,124 -	\$ 20,328
	\$	845,022	\$	11,093	\$	856,11 <u>5</u>	\$	19,204	\$	1,124	\$ 20,328

NOTE 11 - RISK MANAGEMENT

The Authority is exposed to all common perils associated with the ownership and rental of real estate properties. A risk management program has been established to minimize loss occurrence and to transfer risk through various levels of insurance. Property, casualty, employee dishonesty and public official's liability forms are used to cover the respective perils.

The Authority is a member of Housing Authority Insurance Group (HAIG), a Housing Authority Insurance Pool. Through HAIG, the Authority currently maintains Commercial and Auto liability coverage for claims up to \$10,000,000 and for public officials and employment practice - defense only up to \$1,000,000. Also, commercial carriers insure all other common perils such as business, auto, flood (where applicable), and other miscellaneous policies. During the year, the Authority paid \$181,345 towards premium and received surplus distribution of \$28,684 from HAIG.

NOTE 12 - JOINT POWERS AGREEMENT

The Authority participates in a joint venture under a Joint Powers Agreement (JPA) with the California Housing Workers' Compensation Authority (CHWCA). CHWCA was formed to provide workers' compensation insurance coverage for member housing authorities. At December 31, 2021, there were twenty-eight members. The relationship between the Authority and CHWCA is such that CHWCA is not a component unit of the Authority for financial reporting purposes.

Condensed audited financial information as of and for the year ended December 31, 2021, is as follows:

Total assets	<u>\$</u>	31,854,836
Total liabilities Net position	\$	16,175,772 15,679,064
Total liabilities and net position	\$	31,854,836
Operating revenues and non-operating revenues Operating expenses	\$	5,027,130 4,636,233
Change in net position		390,897
Net position, beginning of year	_	15,288,167
Net position, end of year	\$	15,679,064

NOTE 13 - CASH AND INVESTMENTS

The Authority has the following cash at June 30, 2022:

Cash in County Treasury	<u>\$</u>	24,242,920
ach is presented on the Statement of Net Position as follows at June 20, 2022:		

Cash is presented on the Statement of Net Position as follows at June 30, 2022:

Restricted HAP equity	 606,305
Total cash	\$ 24,242,920

Eair Value

Cash in County Treasury

The Authority maintains all of its cash in the San Mateo County Treasury as part of the common investment pool. The investment pool activity is governed by the California Government Code and the County Investment Policy. The County Treasurer is responsible for managing the investment pool pursuant to California Government Code Section 53600. The objectives of the County investment policy, in order of priority, are safety, liquidity, and yield. The pool attempts to match maturities with planned outlays and maximize the return on investment over various market cycles. Yield is considered only after safety and credit quality have been met, consistent with limiting risk and prudent investment principles. The County Board annually reviews the county Investment Policy, and all amendments to the policy require the County Board's approval.

California Government Code and the County Investment Policy govern the investment pool activity. The composition and value of investments in the County pool vary from time to time depending on cash flow needs of the County and pool participants as well as trading of securities.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to three years or less in accordance with its investment policy.

<u>Credit Risk:</u> Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. State law and the County's investment policy limit the County's investments in commercial paper to the rating of "A1" or better by Standard & Poor's, or "P1" or better by Moody's Investors Service, and corporate bonds to the rating of "A" or higher by both Standard & Poor's and Moody's Investors Service. No limits are placed on the U.S. government agency securities and U.S. Treasuries.

<u>Custodial Credit Risk for Deposits</u>: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of California Government Code. Under this code, any deposits of more than \$0.25 million must be collateralized at 110% to 150% of the value of the deposit to guarantee the safety of the public funds.

NOTE 13 - CASH AND INVESTMENTS (CONT'D)

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer of securities. State law and the County Investment Policy restrict the County's investments in U.S. Treasury Obligations to 100% of its portfolio (100% per issuer); Obligations of U.S. Agencies or government sponsored enterprises to 100% (40% per issuer); banker's acceptance to 15% (5% per issuer); collateralized time deposits within the State to 15% (5% per issuer), negotiable certificates of deposit, corporate bonds and medium-term notes to 30% (5% per issuer); commercial paper to 40% (5% per issuer).

Repurchase agreements secured by U.S. Treasury or agency obligation to 100% (100% per issuer for U.S. Treasuries and 40% per issuer for agency obligations); shares of beneficial interest issued by diversified management companies as defined in Government Code section 53601 to 10% (5% per issuer); and mortgage backed securities to 20% (5% per issuer).

<u>Foreign Currency Risk</u>: Foreign currency risk is the risk that changes in the exchange rates will adversely affect the fair values of an investment or deposit. The County's investment policy does not include specific provisions to address foreign currency risk because the County's investment pool does not invest in foreign securities.

The table below summarizes the type of investments reported in the San Mateo County Investment Pool Fund as of June 30, 2022:

Investments in Investment Pool	Interest Rates	Maturities
Negotiable certificates of deposit	0.33% - 2.70%	07/06/22 - 04/26/23
U.S. treasury notes	0.12% - 2.87%	07/31/22 - 11/30/26
U.S. government agency securities	0.00% - 3.00%	07/21/22 - 11/07/25
U.S. instrumentalities	0.00% - 3.00%	07/01/22 - 01/13/27
Corporate bonds	0.35% - 4.00%	08/16/22 - 05/15/27
Municipal bonds	0.67% - 3.40%	08/01/23 - 08/01/25
Local Agency investment Fund	0.94%	7/1/2022
California Asset Management Program	1.40%	7/1/2022
Asset backed securities	0.37% - 2.60%	10/16/23 - 11/16/26

As of June 30, 2022, the Housing Authority's fair value share of investments in the pool is \$24,242,920.

Information regarding the characteristics of the entire investment pool can be found in the County's June 30, 2022 basic financial statements. A copy of that report may be obtained by contacting the Controller's Office, County of San Mateo, 555 County Center, Redwood City, California 94063.

Cash on Hand and in Banks

Cash balances on hand and in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institution is fully insured or collateralized.

NOTE 14 - RESTRICTED CASH

The Authority reports amounts as restricted cash for any security deposits received from tenants at the time of move-in. These funds will be returned to the tenant upon move - out after all outstanding costs have been deducted. The Authority also restricts cash for the payment of current liabilities and for HAP equity for special vouchers in accordance with HUD requirements and CARES Act. In 2018, as a result of the conversion of El Camino Village units to project based vouchers, a replacement reserve was established as required by the conversion agreement. All of these funds are restricted because they cannot be used for the day-to-day operations of the Authority.

NOTE 15 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

A. Plan Description

The Authority has established a retiree healthcare plan (the plan) and participates in an agent multiple-employer defined benefit retiree healthcare plan. The plan provides employees who retire directly from the Authority, at a minimum age of 55, with a minimum of five years of service, health coverage based on the unused sick leave at the time of retirement. For each 8 hours of unused sick leave at retirement, Authority will contribute \$165 towards the cost of monthly health premiums for Represented retirees, and their eligible dependents and surviving dependents (should a retired employee die while receiving benefits under this program) up to the total number of months converted from the employee's unused sick balance at retirement up to 384 hours. After the initial 384 hours are used and converted to monthly benefits of \$165, any remaining balance, in excess of the 384 hours, will be converted to a \$200 monthly benefit, per 8 hours of sick leave, until the remaining balance is exhausted.

For Management or Confidential employees hired before October 01, 2014, for each 8 hours of unused sick leave, The Authority will pay for the entire cost of monthly health premiums for Management retirees, and their eligible dependents and surviving dependents (should a retired employee die while receiving benefits under this program) up to the total number of months converted from the employee's unused sick leave balance at retirement.

For Management or Confidential employees hired on or after October 01, 2014, the Authority will pay up to \$400 towards one month of health premiums for Management retirees, and their eligible dependents.

Medicare-eligible Management or Confidential retirees must enroll in a health plan other than the Teamsters plan that is a secondary payer to Medicare. The Authority will pay the entire monthly premiums for both Medicare Part B and the individual Medicare plan for retirees hired before October 01, 2014, and their eligible and surviving dependents.

In the event an employee has fewer than 96 hours of unused sick leave at the time of retirement, the Authority will supplement the accruals up to a maximum of 96 hours.

B. Employees Covered

As of the June 30, 2022 actuarial valuation, the following current and former employees were covered by the benefit terms under the plan:

Number of Participants	
Active	51
Retirees/Retiree spouses	5
Total participants	56

NOTE 15 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

C. Contributions

The plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the Authority and the bargaining units. The annual contribution is based on the actuarially determined contribution. For the fiscal year ended June 30, 2022, the Authority's cash contributions were \$77,094 in payments to the trust.

D. Net OPEB Liability

The Authority's net OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated July 01, 2021 based on the following actuarial methods and assumptions:

Actuarial Assumptions				
Discount Rate	5.00%			
Inflation	2.50%			
Salary Increases	3.52% - 9.70%			
Investment Rate of Return	5.00%			
Mortality Rate	Pub-2010 Healthy and Retiree Mortality			
,	Table for General Employees projected			
	using Scale MIP - 2021			
Pre-Retirement Turnover	Derived from 2020 SamCERA			
	Experience Study			
Healthcare Trends Rate	4.00% - 5.10%			

The long-term expected rate of return is based on the investment policy of the California Employers' Retiree Benefit Trust Fund (CERBT) Strategy 3 in which the Authority invested its assets to fund its OPEB liabilities. The asset allocation and the expected arithmetic nominal return are summarized in the following table:

Asset Class	Expected Arithmetic Nominal Return (30 yrs.)	Asset Allocation		
Global Equity	8.00 %	22.00 %		
U.S. Fixed Income	4.54 %	49.00 %		
Treasury Inflation-Protected Securities	2.89 %	16.00 %		
Real Estate Investment Trusts	8.34 %	8.00 %		
Commodities	4.28 %	5.00 %		
Expected Arithmetic Return (30 yrs.)		5.53 %		
Expected Geometric Return (30 yrs.)		5.22 %		

E. Discount Rate

The discount rate used to measure the total OPEB liability was 5.00%. The projection of cash flows used to determine the discount rate assumed that the Authority contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE 15 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

F. Changes to the OPEB Liability

The changes in the net OPEB liability for the plan are as follows:

	Plan				
	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability		
Balance at June 30, 2021 Changes recognized for the measurement period:	\$ 1,689,528	\$ 1,469,607	\$ 219,921		
Service cost	59,119	-	59,119		
Interest on the total OPEB liability Difference between actual and expected experience	86,701	-	86,701		
with regard to economic or demographic factors	129,451	-	129,451		
Changes of assumptions Benefit payments	(60,465) (29,650)	(29,650)	(60,465)		
Contributions - employer	(20,000)	`77,094 [′]	(77,094)		
Net investment income Administrative expense		(189,067) <u>(727</u>)	189,067 <u>727</u>		
Net changes	<u>\$ 185,156</u>	<u>\$ (142,350</u>)	\$ 327,506		
Balance at June 30, 2022	<u>\$ 1,874,684</u>	<u>\$ 1,327,257</u>	<u>\$ 547,427</u>		

G. Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Authority if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2022:

	1% I	1% Decrease in Discount Rate (4.00%)		Current Discount Rate (5.00%)		1% Increase in Discount Rate (6.00%)	
	Dis						
	(
Net OPEB liability	\$	752,853	\$	547,427	\$	367,492	

H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the Authority if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2022:

	1% Decrease in Healthcare Costs Trend Rate		Current Healthcare Costs Trend Rate		1% Increase in Healthcare Costs Trend Rate	
Net OPEB liability	\$	338,303	\$	547,427	\$	793,670

NOTE 15 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

I. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2022, the Authority recognized OPEB expense of \$120,365. As of fiscal year ended June 30, 2022, the Authority recognized deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	_	Deferred Outflows of Resources		
Differences between expected and actual experience Changes of assumptions Net difference between projected and actual earnings on plan	\$ (85,190) (88,486)	\$	122,498 140,313		
investments		_	150,002		
Total	\$ (173,676)	\$	412,813		

Amounts currently recognized as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Fiscal year ending June 30,	Deferred Outflows and Inflows of Resources					
2023	\$	46,313				
2024		49,825				
2025		48,666				
2026		68,124				
2027		8,548				
Thereafter		17,661				
	\$	239,137				

NOTE 16 - BLENDED COMPONENT UNIT

On May 11, 2010, the Authority established San Mateo County Housing Authority, Inc. (SAMCHAI), a not-for-profit affiliate of the Authority for the purpose of purchasing the Midway Village improvements that includes 35 building with 150 housing units. On March 29, 2013, the Board of Commissioners approved a resolution that will enable the Authority to sell the improvements to SAMCHAI for \$1, lease the property land to SAMCHAI for \$1 per annum and execute the Management Agreement between the Authority and SAMCHAI, which pays a property management fee to the Authority of 6% of each month's gross receipts as the sum of all tenant receipts plus the sum of all Housing Assistance Payment from the Authority.

Effective December 01, 2017, the Authority converted the 30 units of El Camino Village through the Rental Assistance Demonstration Program (RAD) from public housing units into project-based voucher units under the ownership of SAMCHAI.

NOTE 16 - BLENDED COMPONENT UNIT (CONT'D)

The following financial statement of SAMCHAI is included in the Authority's basic financial statements for fiscal year ended June 30, 2022:

NOTE 17 - RESTRICTED NET POSITION

Restricted Net Position consists of restricted assets that do not have a related liability. The following restricted asset is included in Restricted Net Position at June 30, 2022:

Purpose	 Amount			
Replacement reserve	\$ 1,230,202			

NOTE 18 - LEGAL MATTERS

Periodically, during the ordinary course of performing business, the Authority is involved in certain legal matters. Management practice is to record a contingent when it is probable that the future event will occur, and the amount of the liability can be reasonably estimated. As of June 30, 2022, there were no outstanding claims identified by the Authority's Counsel that required recognition in the Authority's financial statements.

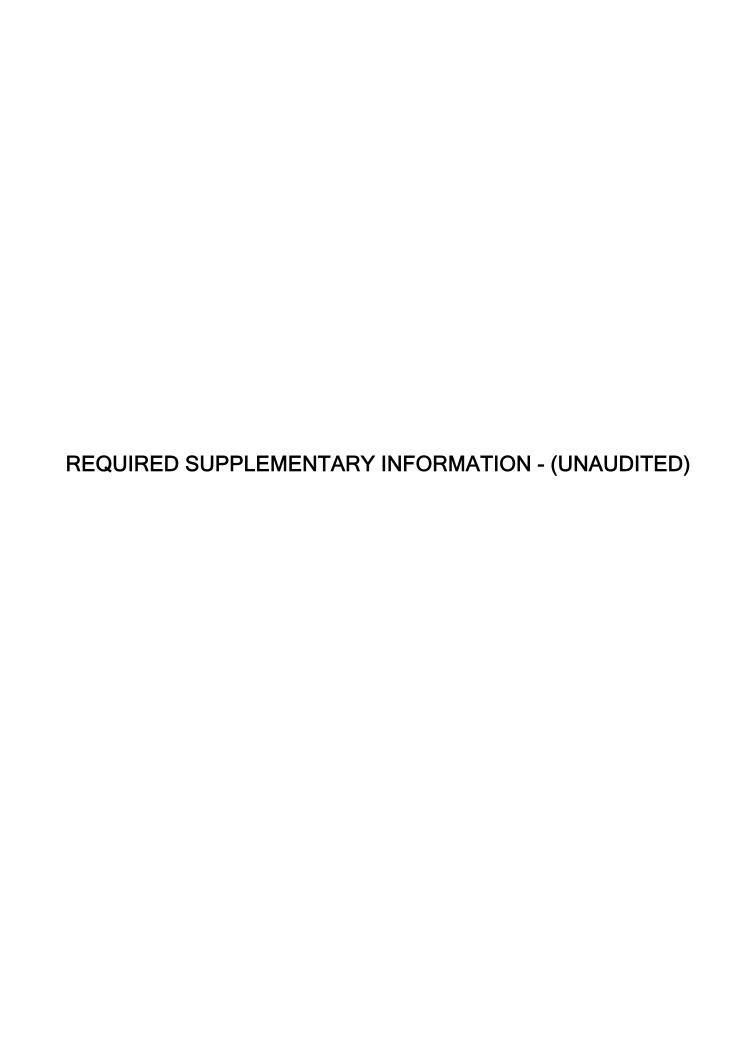

NOTE 19 - CHANGE IN ACCOUNTING PRINCIPLE

Net position as of July 1, 2021, has been restated as follows for the implementation of GASB Statement No. 87, Leases:

Net position as previously reported at June 30, 2021 Prior period adjustments due to implementation of GASB 87:		\$ 61,977,687
Right-to-use leased assets Right-to-use lease liability Lease receivable Deferred inflow of resources- lease	\$ 1,272,816 (1,272,816) 21,265,269 (21,265,269)	
Total prior period adjustment	<u>(21,203,209)</u>	<u>-</u>
Net position as restated, July 1, 2021		\$ 61,977,687

NOTE 20 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 27, 2022 the date at which the financial statements were available to be issued and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners, Housing Authority of the County of San Mateo Belmont, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Housing Authority of the County of San Mateo (the "Authority") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 27, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

To the Board of Commissioners, Housing Authority of the County of San Mateo Belmont, California

Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited Housing Authority of the County of San Mateo's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2022. Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the Authority's compliance with the compliance requirements referred
 to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the Authority's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total Expenditures of Federal Awards		<u>\$ 129,328,145</u>

HOUSING AUTHORITY OF THE COUNTY OF SAN MATEO NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS JUNE 30, 2022

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Housing Authority of the County of San Mateo (the "Authority") under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).* Because the schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position or cash flows of the Authority.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as reimbursement.

NOTE 3 - INDIRECT COST RATE

The Authority has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 4 - SUBRECIPIENTS

Of the federal expenditures presented in the schedule, the Authority provided no awards to subrecipients.
