

PROBATION DEPARTMENT COUNTY OF SAN MATEO

Quarterly Post-Release Community and Mandatory Supervision Update October – December 2020: 22 New Supervisees

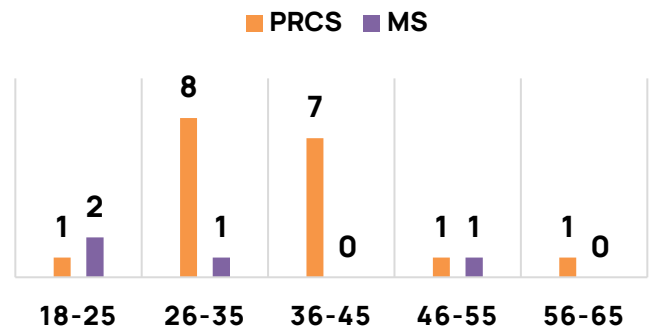

*since realignment began in October 2011, there have been 2,512 supervisees.

FY 2020-21 Second Quarter Highlights	
<ul style="list-style-type: none"> 22 new supervisees 18 new PRCS supervisees; 4 new MS supervisees 23% of new supervisees live out of county (YTD: 31%) 27% of new supervisees were transient (YTD: 19%) 	<ul style="list-style-type: none"> 47 revocations were filed (YTD: 102) 79% of violations were technical violations (YTD: 85%) 17% of violations were drug/alcohol crimes (YTD: 8%) 82% of terminations were successful (YTD: 86%)

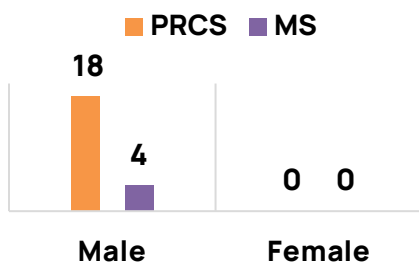

PRCS and MS Released to SMC Supervision

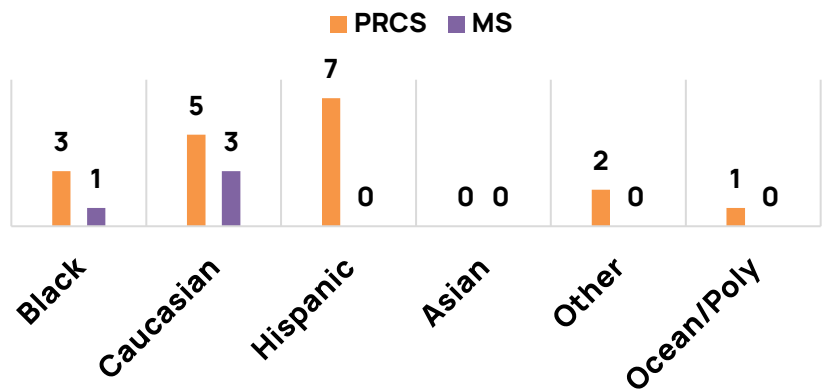

Age

Gender

Race

PRCS			
San Mateo	2	San Bruno	1
East Palo Alto	2	Pacifica	1
Redwood City	2	Half Moon Bay	1
Transient	5	Out of County	4
Total Supervisees	18		

MS			
San Mateo	1	San Bruno	1
Transient	1	Out of County	1
Total Supervisees	4		

Terminations, Revocations and Flashes

There were thirty-nine (39) terminations during the reporting period. Eighty-two percent (82%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
PRCS – 27	MS – 5	PRCS – 5	MS – 2
<ul style="list-style-type: none"> • Early Terminations: 23 • Normal Terminations: 4 			

In the reporting period, we filed a total of forty-seven (47) revocations, with PRCS having forty-one (41) and MS having six (6) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q2 Revocations
Property	0	1	2%
Drug/Alcohol	7	1	17%
Crimes Against Persons	1	0	2%
Technical	33	4	79%
Other Crimes	0	0	0%
Total	41	6	100%

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Seventy-nine percent (79%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Twenty-one percent (21%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were five (5) **flash incarcerations** during this reporting period.

There were no supervisees whose charges were reduced because of **Prop 47** or **Prop 64**.

Three cases were **transferred** to another county for supervision.

Recidivism Definition

San Mateo County: Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

Attorney General: An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

BSCC: A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

San Mateo County Quarterly Realignment Bulletin

Quarter 4: October-December 2020

Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during October through December (Q4) continue to show that this population commits drug and property crime offenses. There is no significant involvement in serious or violent crime.

Overview:

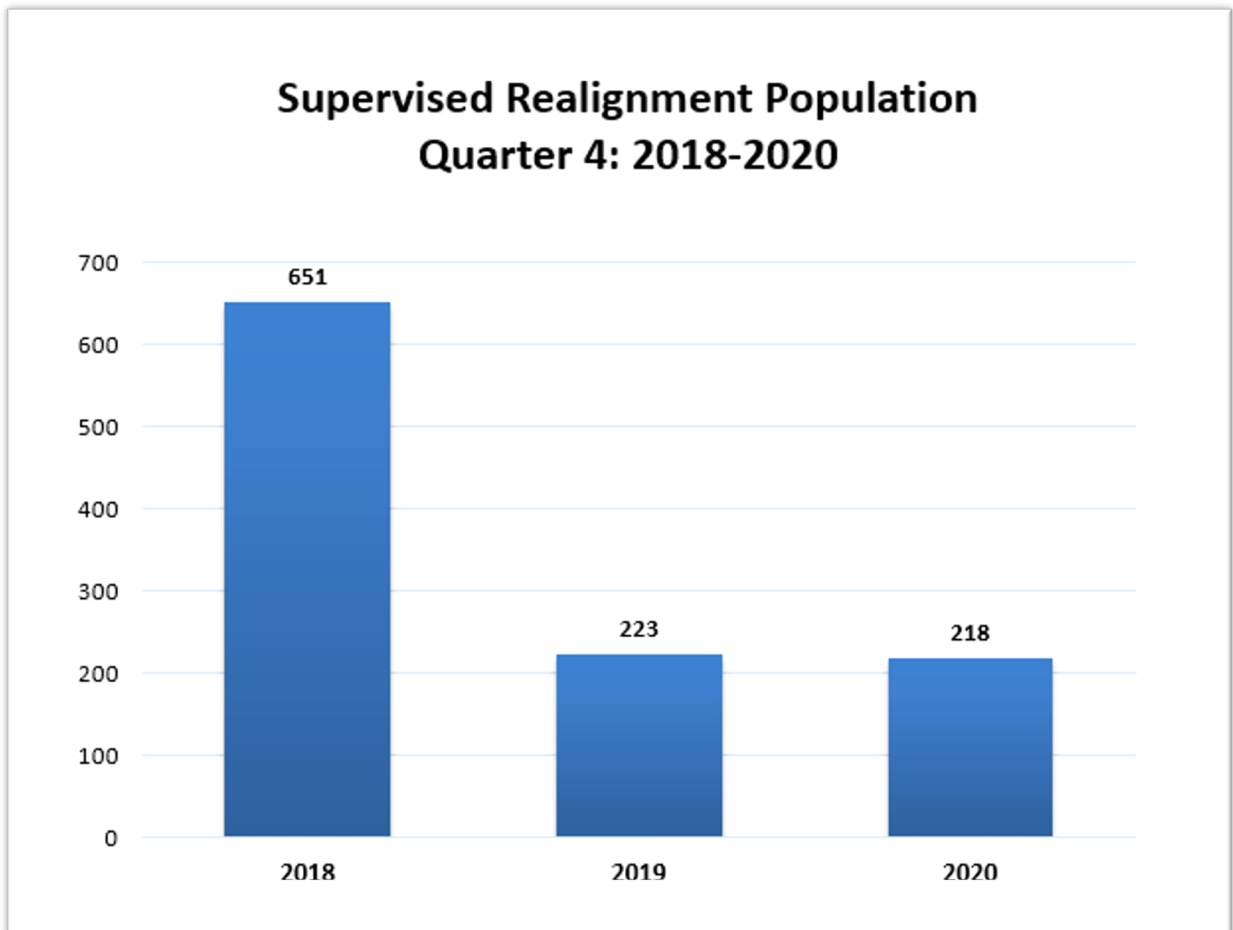

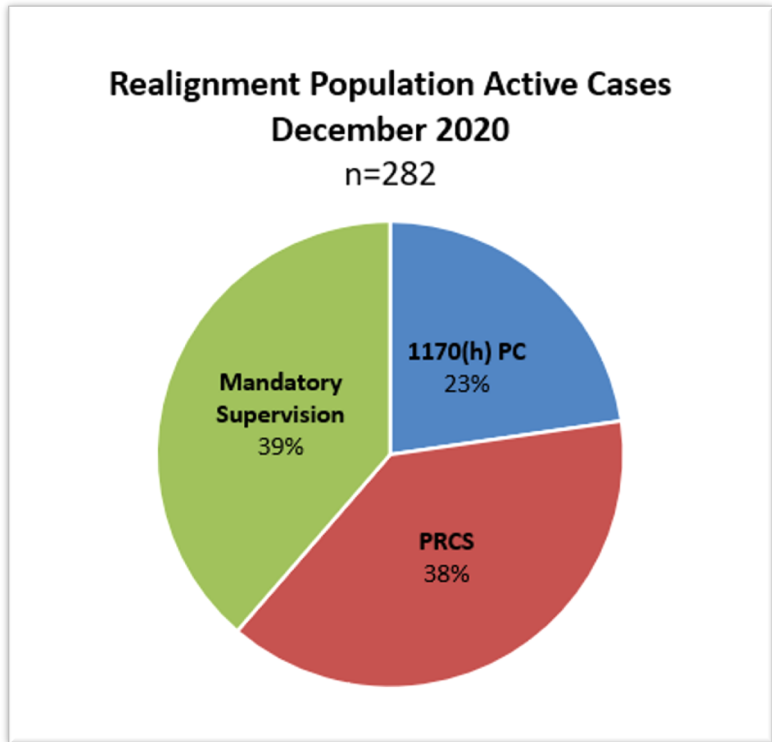

During Q4, drug/alcohol offenses (26%), ID theft (13%), burglary (12%), and assault (12%) were the top four committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note that "other property crime" refers to offenses such as elder theft and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, conspiracy, and hit and run.

Overall, there was a decrease in the total realignment population during Q4 due to COVID-19. The decrease is the direct result of emergency measures summarily put into play to mitigate the spread of COVID-19. For example, in all criminal cases, the court had to obtain the defendant's consent to proceed remotely, inmates were released under the emergency bail order which allowed the inmates to be released from custody early, and offenders were cited out on the street (when possible) rather than brought into custody to help prevent the spread of the virus.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the San Mateo County Jail.

AB109: San Mateo County

Note: This data was obtained from different sources (probation, jail) and therefore may overlap slightly. However the preceding analysis provides a general picture of the San Mateo County realignment population.

San Mateo County: In-Custody

AB109 In-Custody Statistics

PC1170(h) New Sentenced Cases	Q4 2020	Q3 2020	Q2 2020
Number of new PC1170(h) cases	22	27	10
Total PC1170(h) Days to Serve	3,439	4,344	1,884
Number of Split Sentences	7	6	2
Number of Straight Sentences	15	21	8
Average Length of Stay (ALOS) all cases (after credits applied)	144	161	188
Average Length of Stay (ALOS) Split Sentences (after credits applied)	110	158	80
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	165	162	212

Demographics of the Newly Sentenced PC1170(h) during Q4 2020:

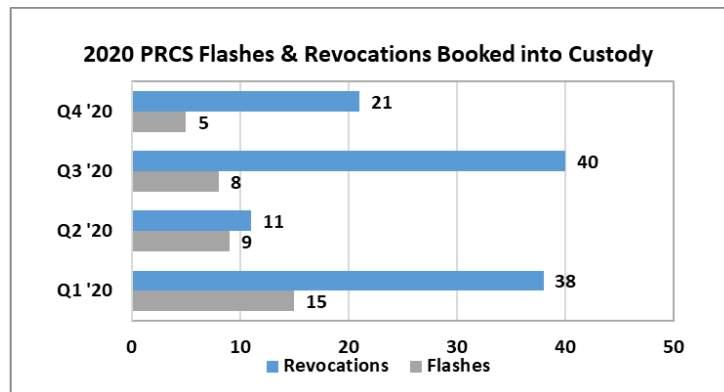

<p>Gender: Male 86.4% (19) Female 13.6% (3)</p>	<p>Median Age: 36 years old</p>	<p>Residency: 10 - Out of County 9 - In County 3 - Transient</p>
--	--	---

Mandatory Supervision Revocation (MSV):

Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision.

MSV Revocation Cases	Q4 2020	Q3 2020	Q2 2020
Number of MSV Cases	1	5	1
Total MSV Days to Serve	138	288	184

Number of Parole Revocation Cases	9	7	11
Total Parole Revocation Days to Serve	571	376	699
Average Length of Stay	67	54	64

Post Release Community Supervision (In Custody) Cases	Q4 2020	Q3 2020	Q2 2020
Number of PRCS Revocation Sentences	17	19	5
Total PRCS Revocation Days to Serve	597	750	267
Average Length of Stay	34	39	53

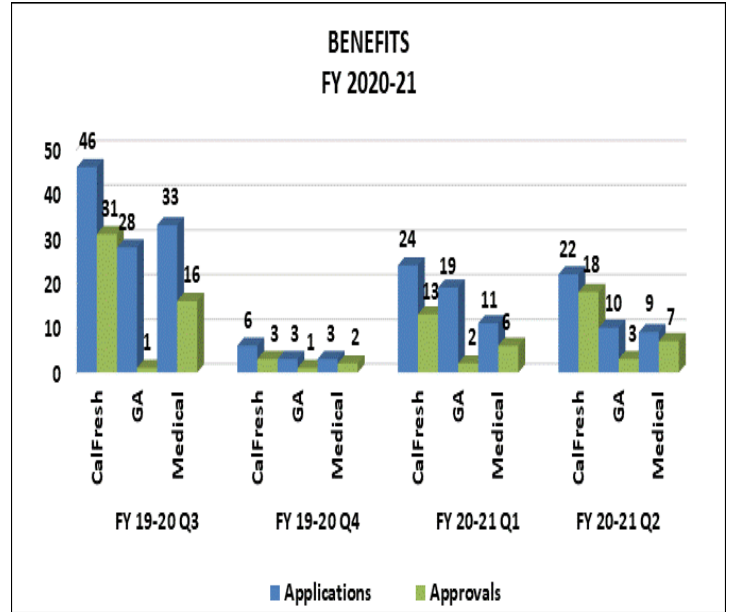

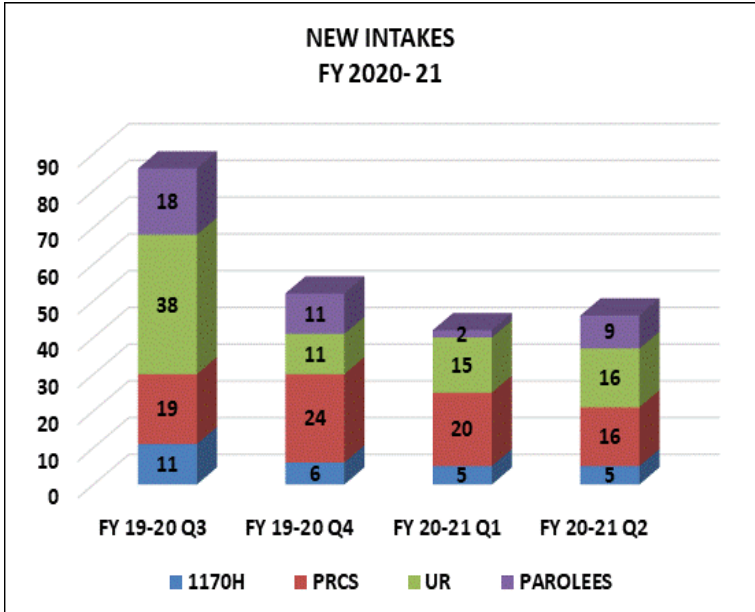

AB109 In-Custody on the Last Day of the Quarter:

On the last day of the quarter (December 31, 2020), the total AB109 in-custody population was 11% (64) of the overall average daily population (700), a decrease from the prior quarter 11.7%.

During Q4, drug/alcohol offenses, ID theft and burglary were the top three offenses committed by the in-custody population. As mentioned on Page 1, please note that “Other Property Crimes” refers to offenses such as elder theft, embezzlement, forgery, and larceny. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

Service Connect HSA Dashboard

FY 20-21, Q2 (October 2020 – December 2020)

Due to COVID-19 service delivery shifted from in person to primarily remote support for Service Connect clients. This shift is reflected in the narrative below.

New Intakes

- There were 46 intakes in FY 20-21 Q2, an increase of 9.5% from Q1's 42 intakes.
- Intakes in Q2: 45% AB109, 35% UR, and 20% Parole.
- During Q2, 31 release packets were provided to the Sheriff's Office for individuals eligible for Service Connect to aid with release during pandemic.
- A virtual intake pilot program at Maple Street Correctional Facility was initiated in coordination with the Sheriff's Office. In December 2020, six virtual intakes were completed.

Eligibility/Benefits

- There were 41 applications received and processed in Q2: 22 CalFresh, 10 General Assistance, and 9 Medi-Cal.
- There were 28 applications approved: 18 CalFresh, 3 General Assistance, and 7 Medi-Cal.
- Denied applications totaled 17. The primary reason for denial was failure to provide required verifications. There was one Medi-Cal application withdrawn.

Employment Services

- In Q2, 16 clients obtained employment: 9 subsidized placements and 7 unsubsidized.
- The top 3 businesses that employed clients in Q2 were retail, services, and hotel & food.
- The average wage per hour for unsubsidized employment was \$15.62.
- There were 30 virtual in custody employment workshops conducted in October and November and 19 participants completed a five-workshop cycle to earn a Certificate of Completion.

Services Provided

- A total of 121 Safeway and Target gift cards were provided to clients in Q2. Food support was provided to 49 clients and clothing vouchers issued to 58 clients.
- A total of 107 clients received bus passes and/or bus tickets in Q2.
- There were 19 clients who utilized the emergency motel voucher program and 5 received shelter bed placements.
- Cell phone services were provided to 22 clients: 22 phones and 28 phone cards issued to allow a connection to virtual services, case management, and other supports.

Peer Support Services

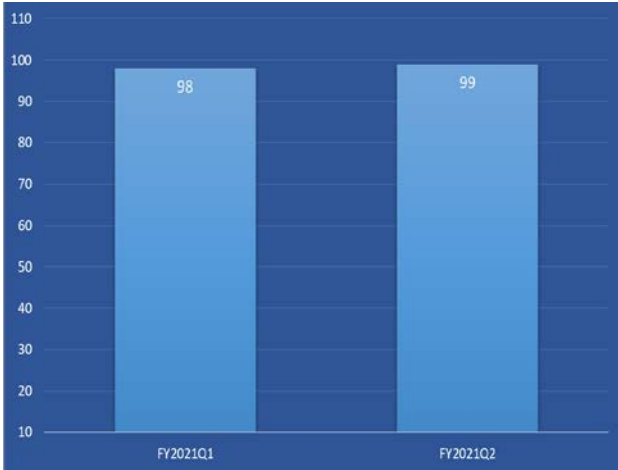

- There were 102 clients who received peer support services: 19% phone check-in, 6% face-to-face meetings, 26% provider support for housing, and 49% administrative support and outreach.
- Initiated pilot of virtual online group support: one group was successfully piloted.

FISCAL YEAR 2020-2021 SECOND QUARTER
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since the inception of the Service Connect is 2,725 and of these, 1,558 entered into treatment and/or recovery plans (these participants were served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 18,230 (both mental health and substance use treatment) provided to participants during the since inception of the program. Service type detail for the second quarter is presented in the pie chart at the bottom of the dashboard.

Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. Therefore, this graph indicates the total open cases for the first two quarters for the fiscal year. Average quarterly participation is about half of what it was in previous years due to the pandemic.

Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. This report generally reflects consistent engagement, but more than 10% higher than prior year.

Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. Both treatment plan types are represented at a higher rate than the previous year. It should be noted that co-occurring participants are not represented.

Average Days in Treatment In and Post Custody

This graph shows the average days spent receiving treatment for Alcohol and Other Drugs, as well as Mental Health Services. FY 20/21 Second Quarter represents a significant decline in the average number of days spent on either treatment program due to facility closures due to COVID.

Mental Health and Alcohol & Other Drugs Services Provided by Service Connect

This pie chart reports mental health and substance abuse treatment services provided by BHRS to Service Connect participants for the FY20/21 Second Quarter. The top five services utilized in order are AOD Residential, AOD Methadone, MH Services, AOD Outpatient, and medication support.

Mobile Health Van Services

There were no Mobile Health Van Services provided in FY20/21 Second Quarter because the Service Connect facility was closed the entire quarter due to the pandemic. Therefore, the Health Van was not able to schedule any services as reflected in the graph.

Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health in the current quarter as compared to the previous quarter, the number of participants screened, the number medically treated, as well as for mental illness and substance abuse. FY20/21 Second Quarter is substantially higher than Q1 because Q1 has lower numbers due to the pandemic.

Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect, counts do not include episodes when subject was not a participant in Service Connect. FY 20/21 Second Quarter experienced no inpatient episodes, which has never ever occurred since the inception of the program.
