

# PROBATION DEPARTMENT COUNTY OF SAN MATEO

## Quarterly Post-Release Community and Mandatory Supervision Update July – September 2021: 45 New Supervisees

\*since realignment began in October 2011, there have been 2,604 supervisees.

FY 2021-2022 First Quarter Highlights	
<ul style="list-style-type: none"> <li>45 new supervisees</li> <li>31 new PRCS supervisees; 14 new MS supervisees</li> <li>36% of new supervisees live out of county</li> <li>16% of new supervisees were transient</li> </ul>	<ul style="list-style-type: none"> <li>29 revocations were filed</li> <li>42% of violations were technical violations</li> <li>10% of violations were drug/alcohol crimes</li> <li>74% of terminations were successful</li> </ul>

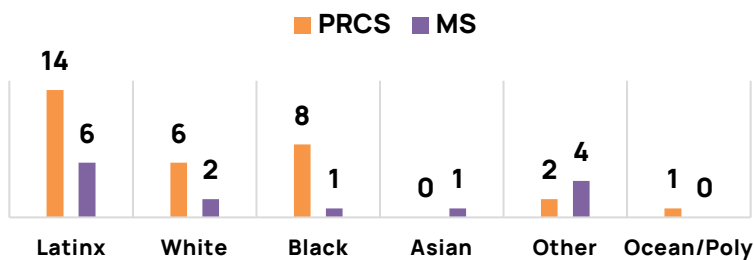

### PRCS and MS Released to SMC Supervision

### Age

### Race

### Gender

PRCS			
East Palo Alto	4	San Carlos	1
Redwood City	3	San Bruno	1
Menlo Park	2	San Mateo	1
South San Francisco	2	Daly City	1
Burlingame	1	Half Moon Bay	1
Transient	7	Out of County	7
<b>Total Supervisees</b>	<b>31</b>		

MS			
San Mateo	2	Redwood City	1
South San Francisco	1	Daly City	1
		Out of County	9
<b>Total Supervisees</b>	<b>14</b>		

## Terminations, Revocations and Flashes

There were nineteen (19) terminations during the reporting period. Seventy-four percent (74%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
<b>PRCS – 8</b>	<b>MS – 6</b>	<b>PRCS – 4</b>	<b>MS – 1</b>
<ul style="list-style-type: none"> <li>• Early Terminations: 5</li> <li>• Normal Terminations: 3</li> </ul>			

In the reporting period, we filed a total of twenty-nine (29) revocations, with PRCS having twenty-three (23) and MS having six (6) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q1 Revocations
Property	6	1	24%
Drug/Alcohol	3	0	10%
Crimes Against Persons	4	0	14%
Technical	7	5	42%
Other Crimes	3	0	10%
<b>Total</b>	<b>23</b>	<b>6</b>	<b>100%</b>

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Forty-two percent (42%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Fifty-eight percent (58%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were four (4) **flash incarcerations** during this reporting period.

There were no supervisees whose charges were reduced because of **Prop 47** or **Prop 64**.

Four (4) cases were **transferred** to another county for supervision.

---

### Recidivism Definition

**San Mateo County:** Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

**Attorney General:** An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

**BSCC:** A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

# San Mateo County Quarterly Realignment Bulletin

## Quarter 3: July 2021 — September 2021

### Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during July through September (Q3) continue to show that this population commits drug and property crime offenses. There is no significant involvement in serious or violent crime.

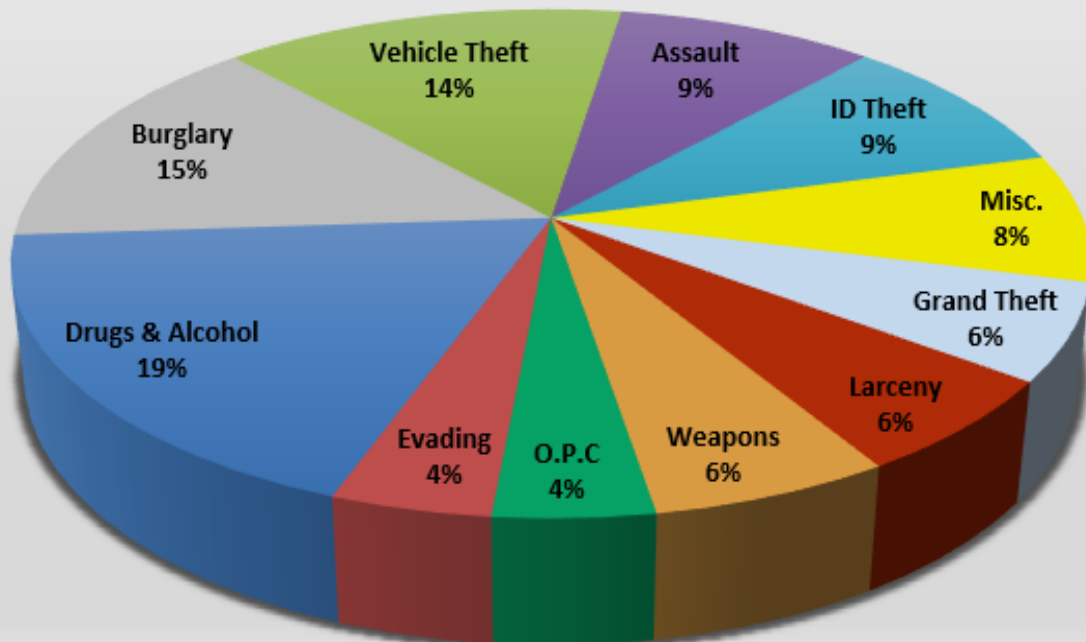

### Overview:

During Q3, **drug/alcohol offenses** (19%), **burglary** (15%), and **vehicle theft** (14%) were the top three committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note that "other property crime" refers to offenses such as forgery, elder theft, and vandalism. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: resisting, conspiracy, and stalking. Overall, there was a slight increase in the total realignment population during Q3.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the San Mateo County Jail.

Average Length of Stay	74	47	25

San Mateo County: *In Custody*

**AB109 In-Custody on the Last Day of the Quarter:**

On the last day of the quarter (September 30, 2021), the total AB109 in-custody population was 8.9% (68) of the overall average daily population (761), an increase from the prior quarter 8.6% (63) with an ADP of 730.

During Q3, drugs & alcohol comprised the top new charge committed by the in-custody population. As mentioned on Page 1, please note that the category “Other Property Crimes” refers to offenses such as elder theft, embezzlement, forgery, and larceny. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

# Service Connect BHRS Dashboard

FISCAL YEAR 2021-22 FIRST QUARTER  
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH  
**BEHAVIORAL HEALTH  
& RECOVERY SERVICES**

## AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since the inception of the Service Connect is 2,814 (increase of 18 over Q4) and of these, 1,625 (increase of 12 over Q4) entered treatment and/or recovery plans (these participants were served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 20,124 (both mental health and substance use treatment) provided to participants since the inception of the program (increase of 367).

## Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. The Q1 count is 57% of Q4, the highest of the prior year. The Q1 count is the lowest of any quarter since the inception of the program and is 32% of the average of 193 for all previous quarters.

## Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. Q1’s 47% represents lower engagement as compared to the previous year four quarter average of 66%.

## Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. AOD treatment plans experienced an increase and MH treatment plans a decrease compared to prior year. Note that co-occurring participants are not represented.

## Average Days in Treatment In and Post Custody

This graph shows the average days spent receiving treatment. The last two quarters of the previous year represent a significant decline, which continues in Q1 of the new year due to facility closures and reduced face-to-face services as a result of the pandemic.

## Mental Health and Alcohol & Other Drugs Services Provided by Service Connect

The chart reports mental health and substance abuse treatment provided by BHRS to S participants for Q1. Emergency and Inpatient Services were notably low. Top five services utilized in order are AOD Residential, MH Services, AOD Outpatient, AOD Intensive Outpatient, and Outreach.

## Mobile Health Van Services

A Nurse Practitioner has been assigned to Service Connect due to low volume from facility closure and staff absences, participants are able to have their needs met, including Vivitrol injections and sick visits.

## Correctional Health Services

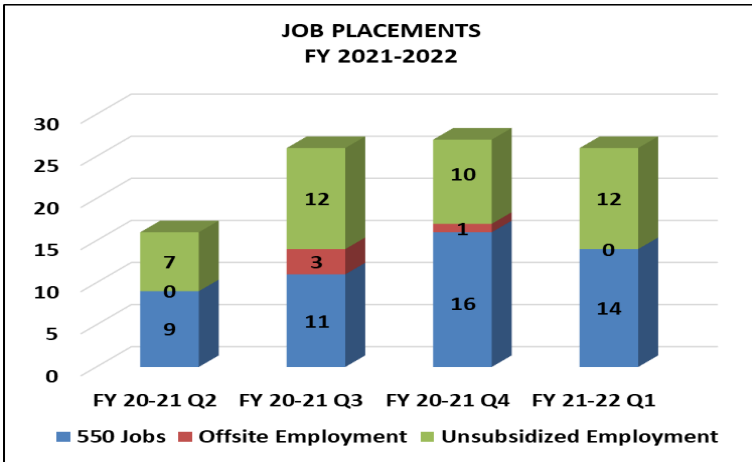

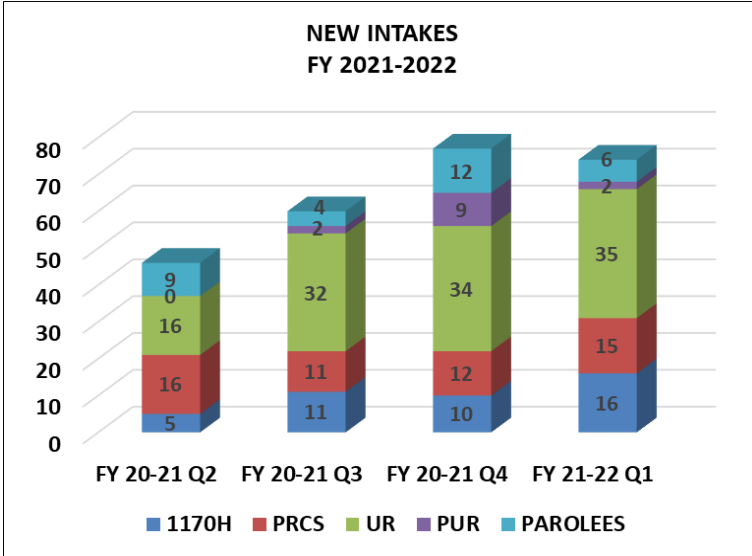

Correctional Health data presents the total participants that flow through Correctional Health in the current quarter as compared to the previous quarter, number of participants screened, number medically treated, and referred for mental illness and substance abuse treatment. FY21/22 First Quarter numbers are abnormally low and consistent with the previous quarter.

## Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect, counts do not include episodes when subject was not a participant in Service Connect. FY 21/22 First Quarter continues with uncharacteristically low numbers, only slightly higher than Q4 of the previous year, which was also uncharacteristically low.

*FY 21-22, Q1 (July 2021 – September 2021)*

**Due to COVID-19 services are being delivered in a hybrid model (in person/virtual).**

## New Intakes

- There were 74 intakes in Q1 of FY 21-22.
- Intakes in Q1: 47% UR, 42% AB109, 8% Parolees, 3% Probation UR.
- Under the virtual intake program initiated in coordination with Sheriff's Office, 32 virtual intakes were completed in Q1 accounting for 43% of intakes. During Q1 of FY 21-22, a pilot of virtual intakes at Maguire Correctional facility was implemented, virtual intakes are now being provided in both facilities.

## Eligibility/Benefits

- There were 30 applications received and processed in Q1: 21 CalFresh, 6 General Assistance, and 3 Medi-Cal.
- There were 17 approved applications: 14 CalFresh and 3 Medi-Cal.
- A total of nine applications were denied, top reasons for denial: out-of-county, failure to provide verifications, and over the income limit. No applications were withdrawn this quarter.

## Employment Services

- In Q1, 26 clients obtained employment, of those: 46% were unsubsidized placement and 54% were subsidized placements.
- Services and retail were the top two types of businesses that employed clients in Q1.
- The average wage per hour for unsubsidized employment in Q1 was \$20.93.
- There were 66 in-custody employment workshops conducted in Q1 with 47 graduates completing a five-workshop cycle to earn a Certificate of Completion.
- Virtual employment workshops at Service Connect were initiated in Q1, 5 workshops were conducted.

## Services Provided

- The top supportive services were transportation and communication. In Q1: 120 bus tickets, 137 bus passes, 31 phones, and 34 phone cards were issued.
- Food assistance was the third most requested service with an average of 64 clients per month receiving food totes, meal vouchers, and Safeway gift cards.
- In Q1, there were 70 clients who utilized the motel voucher program and 5 received a shelter bed placement.

## Peer Support Services

- There were 19 clients who received peer support services in Q1: 72% were face to face meetings and 28% were phone check ins.
- A total of 11 Iron Sharpens Iron support groups were held.
- In Q1, there were 23 virtual interactive journaling groups with 22 participants. This is an evidence-based model that provides cognitive behavioral therapy-based psychoeducation to participants.
