Thank you Camille! I had to move the site inspection to Wednesday this week for both Big Wave and Highland Estates. Let me know if that is going to be a problem at all.

Have a great day!
Jessie

Hi Camille,

Please find attached the weekly site inspection report from my site visit to Highland Estates today. There are several outstanding items that have been ongoing over the past few weeks. See below my list of action items.

I spoke with Bob today about when he plans to fix these things. He said he would address them all on Monday next week. I'll give you an update following my inspection (currently planned for Tuesday).

Thanks!

Subject: Highland Estates Site Inspection 12/4/2020

Hello Bob,

It was nice to see you onsite today. As we discussed please address the following items onsite:

Lots 9/10

- Per the SWPPP, please make sure trash cans and enclosures are covered and excess trash and debris is removed.
- Please sweep the track out on Cobblehill PI to reduce gravel and dirt being tracked onto the road by the delivery drivers. As a reminder track out should be swept daily per AQ-1.

Lot 11

- Please address the standing water located within the garage, as standing water may attract sensitive wildlife (such as California red-legged frog) to the site.
- Please secure the windbreak fencing as the zip ties have broken in several locations.
- Per the SWPPP, please make sure trash cans and enclosures are covered and excess trash and debris is removed.
- Please continue to sweep the track out on Cowpens Dr. As a reminder track out should be swept daily.

Please feel free to give me a call if you would like to discuss further.

Thanks so much,

Jessie Henderson-McBean
