Hello Trip,

Attached is a Parcel Information Checklist for the subject parcel. At the current time, this is what I can provide you per your request. I'm not sure it will satisfy Coastside County Water; I believe CCWD is reviewing the form template to determine if it meets their needs for water connection transfer.

Regards,

Summer

Summer Burlison

Hello Gina and Summer:

We were wondering, if we have an update

Thanks

Trip

Hi Summer,

I believe you spoke with Trip Chowdhry (copied on this email) regarding his APN 048-076-120 (Miramar Drive). I think there may have been some miscommunication, what he is looking for is the letter of potential developability. Can you review his parcel and can this be provided to him?

Let me know if you have any questions.

Parcel Information Checklist

(To be Completed by Staff)

This form provides background information relevant to potential future development of the parcel. This information is applicable based on current conditions and regulations, which may change in the future, and is not a guarantee that the parcel can or cannot be developed. In addition, it is up to each property owner/applicant to determine if future development of the parcel will be financially feasible.
