July 8, 2020

To: LAFCo Commissioners
From: Martha Poyatos, Executive Officer
Subject: Legislative Report

A handwritten signature in black ink, appearing to read 'M. Poyatos', written over the printed name of the Executive Officer.

Summary

CALAFCO is now tracking 13 bills, 5 are holdovers from the 2019-20 legislative session and are not moving forward in the current legislative year.

Since the return of State Legislature to Sacramento in May, much of lawmakers' focus has been on the State budget and response to COVID-19. The State's 2020-21 Budget was approved on June 29, 2020. The budget has a series of trigger cuts if the State does not receive at least \$14 billion in additional federal assistance by September 1. These trigger cuts include reductions of county realignment backfill and deferral of State payments to CalPERS and Prop. 98 funding. There is also additional funding for direct coronavirus aid for cities and counties in the adopted budget.

As noted in the CALAFCO tracker, a number of bill sponsors have already stated that they will not be moving their bills forward in 2020. Bills of interest include the following:

SB 1052 (Hertzberg) - Water quality: municipal wastewater agencies

This bill would establish municipal wastewater agencies and would authorize a municipal wastewater agency, among other things, to enter into agreements with entities responsible for stormwater management for the purpose of managing stormwater and dry weather runoff. It would also allow an agency to acquire, construct, expand, operate, maintain, and provide facilities for specified purposes relating to managing stormwater and dry weather runoff, and to levy taxes, fees and charges consistent with the municipal wastewater agency's existing authority in order to fund projects. The bill would require the exercise of any new authority granted under the bill to comply with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. CALAFCO currently supports this bill.

Senator Hertzberg will not be moving this bill forward in 2020 and will re-introduce it next year.

COMMISSIONERS: JOSHUA COSGROVE, CHAIR, SPECIAL DISTRICT ▪ WARREN SLOCUM, VICE CHAIR, COUNTY ▪ RICH GARBARINO, CITY ▪ DON HORSLEY, COUNTY ▪ MIKE O'NEILL, CITY ▪ RIC LOHMAN, SPECIAL DISTRICT ▪ ANN DRAPER, PUBLIC

ALTERNATES: KATI MARTIN, SPECIAL DISTRICT ▪ HARVEY RARBACK, CITY ▪ JAMES O'NEILL, PUBLIC ▪ DAVE PINE, COUNTY

STAFF: MARTHA POYATOS, EXECUTIVE OFFICER ▪ REBECCA ARCHER, LEGAL COUNSEL ▪ ROB BARTOLI, MANAGEMENT ANALYST ▪ ANGELA MONTES, CLERK

SB 1280 (Monning) Drinking water: consolidation and extension of service: at-risk water systems

This bill would authorize the State Water Resources Control Board to order consolidation between a receiving water system and an at-risk water system, as defined, upon receipt of a petition that substantially conforms to the specified-referenced policy adopted by the state board and that is either approved by the water system's governing body or signed by at least 30% of the households served by the water system. For purposes of that provision, the bill would authorize the state board to contract with a technical assistance provider or appoint an administrator to provide information to a community regarding the petition process, to assist with the preparation of a petition, or to evaluate whether a water system is an at-risk water system. CALAFCO currently opposes this bill. Staff will consider monitoring this bill because if enacted, it could have a negative effect on water systems in San Mateo County including County Service Area 11 (Pescadero).

Senator Monning will not be moving this bill forward in 2020 and will re-introduce it next year.

Recommended Action:

Receive the report.
