Summary

This proposal, submitted by landowner petition, requests annexation of 193 Meadowood Drive, Portola Valley to the West Bay Sanitary District and connection to the District's sewer main. The proposal has 100 percent landowner consent and waiver of conducting authority proceedings is also requested. Commission approval is recommended.

Departmental Reports

County Assessor: The total net assessed land valuation for the parcel shown in the records of the County Assessor is \$4,850,000. The boundaries of the annexation as proposed conform to lines of assessment and ownership.

County Clerk: The territory has zero registered voters. If the annexation is approved, the property will need to be assigned to a precinct that includes West Bay Sanitary District.

County Public Works: The map and legal description have not yet been submitted for review of the requirements set by the State Board of Equalization.

Town of Portola Valley: The Town's General Plan designation is low-intensity residential and zoning is residential estate, single-family (one to two acres per dwelling unit). It will be necessary for any work to be reviewed by Town Planning and Public Works and an encroachment permit is required. The Town also reserves the right to review landscaping requirements for any above ground infrastructure that is part of this project.

County Environmental Health: The California Water Service Company and West Bay Sanitary District provide the available water and sewer service in the area. The applicant must pay an application fee to Environmental Health prior to connecting to West Bay Sanitary District and must obtain a permit for septic tank abandonment, which shall be inspected and approved by Environmental Health.

West Bay Sanitary District: Fees for annexation, permits and annual service charges will be required. Annexation to the On-site Wastewater Disposal Zone will be required and to construct a grinder system on the property and connect to the existing force main on Meadowood Drive. All costs will be paid by the project proponent.

Executive Officer's Report

This proposal has been submitted by landowner petition in order to connect a developed residential parcel to public sewer to support a remodel/addition for the existing home. The territory proposed for annexation is located in the Town of Portola Valley at 193 Meadowood Drive near Golden Hills Drive.

The annexation area is within the sphere of influence of West Bay Sanitary District adopted by the Commission in 1984 and is consistent with the District's plans for extending service.

Approval of the annexation is recommended.

Annexation to the On-Site Wastewater Disposal Zone

Sections 6960.3 and 6974 of the Health and Safety Code governing sanitary districts require LAFCo approval for formation of, or annexation to, an On-site Wastewater Disposal Zone (Zone) in counties in which LAFCo has added special district members to the Commission and adopted Rules and Regulations Affecting the Functions and Services of Independent Special Districts. West Bay Sanitary District operates a Zone within its jurisdiction to maintain pumping systems where gravity flow to the sewer main is not possible. Annexation of these properties to the Zone is necessary in order for the District to maintain the pumping system that will be constructed as part of the sewer connection. Staff recommends approval of annexation to the Zone.

California Environmental Quality Act

The proposal is categorically exempt from the environmental review requirements of the California Environmental Quality Act (CEQA) exempt under State CEQA Guidelines Section 15319(a) & (b) (Annexations of Existing Facilities and Lots for Exempt Facilities)

Waiver of Conducting Authority Proceedings

Section 56663(c) of the Cortese-Knox-Hertzberg (CKH) Act specifies that the Commission may waive conducting authority proceedings for annexations of uninhabited territory with 100 percent landowner consent provided that no objection is submitted by subject property owners or voters. The purpose of the conducting authority proceedings is to measure landowner or voter protest within the affected territory. Paragraph (c) was added to Section 56663 to streamline proceedings in which landowners have already given consent to uninhabited annexation. The landowners have requested, and staff recommends waiver of conducting authority proceedings.

Recommended Commission Action by Resolution

By resolution, approve LAFCo File No. 21-06 - Proposed annexation of 193 Meadowood Drive, Portola Valley (APN 077-211-110) to West Bay Sanitary District, subsequent annexation to the On-site Wastewater Disposal Zone and Waiver of Conducting Authority Proceedings.
